**RE: REVISION to Directed Plan of Correction**  
Facility ID# NJD35027

Dear Ms. Markovich:

This letter confirms a telephone call between you, me and staff of the Office of Program Compliance of the Department of Health (DOH), wherein you were advised that the Directed Plan of Correction (DPOC) that was issued on February 21, 2018 has been modified based on the facility's current census. The DPOC required the facility to have on site at all times a minimum of four full-time staff who are capable of assisting residents to evacuate the facility. Effective immediately, the DPOC has been amended to require the facility to have on site at all times a minimum of three full-time staff who are capable of assisting residents to evacuate the facility.

All other requirements of the DPOC remain in effect. In addition, the curtailment of admissions and re-admissions to the Millennium Memory Care at Holmdel remains in effect, and all other orders which were included in the February 21, 2018 notice remain in effect.

This action is being taken based on a recommendation from Health Facility Survey and Field Operations staff.

Please call 609-633 9034 if you have any questions regarding this document.

Sincerely,

Gene Rosenblum, Director  
Program Compliance and Health Care
