**RE: Lifting of Curtailment of Admissions and Directed Plan of Correction**  
Facility ID # NJ04A005

Dear Mr. Angel,

As the facility was advised on April 24, 2018 by Lisa King and Jean Markey, who spoke with Executive Director Rita Rivera-Worley in your absence, the Department has lifted the remaining conditions of the curtailment of admissions and directed plan of correction that was ordered by the Department on September 1, 2017.

Effective February 14, 2018, the Department lifted the curtailment of admissions conditioned on continued engagement of an RN Consultant for twenty (20) hours per week as well as an Administrator Consultant for twenty (20) hours per week. Effective April 24, 2018, the Department has lifted these remaining conditions. This action is taken based on a recommendation from Health Facilities Survey and Field Operations based upon an acceptable plan of correction and a revisit.

Please call (609) 984-8128 if you have any questions regarding the lifting of the curtailment.

Sincerely,

Gene Rosenblum, Director  
Program Compliance and Health Care  
Financing  
Division of Certificate of Need and Licensing  
New Jersey Department of Health
