Re: Lifting Directed Plans of Correction

Dear Ms. Maples:

This letter is to confirm that staff from the Office of Program Compliance left you a voicemail message yesterday that, based upon the recommendation of the Division of Health Facility Survey and Field Operations, the Department has determined that the Directed Plan of Correction (DPOC) requirements which were imposed on October 23, 2018 and November 30, 2018 are no longer necessary, and therefore the DPOC requirements are hereby lifted.

Should you have questions concerning this matter, you may contact our office at (609) 984-8128.

Sincerely yours,

Gene Rosenblum, Director
Office of Program Compliance
Division of Certificate of Need and Licensing
