WHEREAS, the Hospital is a non-profit corporation that operates a Hospital dedicated to the provision of access to patient care for the residents of its service area which is designated as a Comprehensive Stroke Center in accordance with N.J.A.C. 8:43G-7A et seq; and

WHEREAS, the Facility is a duly licensed acute care hospital, and renders professional medical services and designated as a Primary Stroke Center in accordance with N.J.A.C. 8:43G-7A et seq.; and

WHEREAS, the Hospital and the Facility have determined that it would be in the best interest of patient care and would satisfy applicable regulatory requirements, including N.J.A.C. 8:43G-7A.3(a)(9) and N.J.A.C. 43G-7A.7(a)(4) requiring the Institutions to have a written agreement concerning the transfer of stroke patients, if medically necessary and appropriate, between the Facility and the Hospital.

NOW THEREFORE, in consideration of the mutual covenants and agreements herein contained, and for other valuable consideration, in receipt and sufficiency of which is hereby acknowledged. The Hospital and the Facility agree as follows:

1. PURPOSE OF AGREEMENT.

The purpose of this agreement is to memorialize the parties' agreement that the Hospital will accept transfer of patients from the Facility under medically necessary and appropriate circumstances as determined by the physicians treating the patients at the Facility in accordance with Emergency Treatment and Active Labor Act ("EMTALA") 42 U.S.C.A. 1395dd(a) and the regulations promulgated thereto in carrying out the terms of this agreement.

2. PATIENT TRANSFER.

The need for transfer of a patient from Facility to the Hospital shall be determined by the patient's treating physician. When such a determination has been made, the Facility shall immediately notify the Hospital of the impending transfer. The Hospital agrees to admit the patient as promptly as possible, provided that all conditions of eligibility for admission are met and bed space is available to accommodate the patient, or, in the event that admission is not warranted, to treat the patient in the Hospital's emergency room ("ER") and to release the patient. The decision to accept the patient shall not be based on the patient's ability to pay for service provided.

The Hospital shall be available to provide physician facilities, equipment, radiology, social services, psychiatry, laboratory, blood bank, pathology, nutritional counseling and personnel necessary to provide back-up emergency care to patients transferred hereunder in accordance with all applicable laws, rules and regulations of the state and federal agencies.

3. PROVISION OF INFORMATION TO EACH INSTITUTION.

Each Institution shall provide the other with the names or classifications of persons authorized to initiate, confirm, and accept the transfer of patients, as applicable. The Hospital shall indicate specifically where transferring patients are to be delivered to its premises.

4. PATIENT RECORDS AND PERSONAL EFFECTS.

The facility shall forward the following information, if applicable and available, to accompany the patient when being transferred from the Facility to the Hospital:

- B. Patient's third party billing data;
- C. History of the injury or illness;
- D. Condition on admission;
- E. Vital signs, prior to and at time of transfer.
- F. Treatment provided to patient, including medications given and route of administration;
- G. Laboratory and X-ray findings, including films;

The records described above shall be placed in the custody of the person in charge of the transporting medium who shall sign a receipt for the medical records and the patient's valuables and personal effects and in turn shall obtain a receipt from the Hospital when it receives the records and the patient's valuables and personal effects.

5. TRANSFER CONSENT.

The Facility shall have responsibility for obtaining the patient's consent to the transfer to the Hospital prior to the transfer, if the patient is competent and alert. If the patient is not competent and/or alert, the Facility shall obtain the next-of-kin's consent; if such consent is not possible and emergency circumstances exist, direction from the patient's physician shall be obtained by the Facility and the transfer shall be accomplished based upon the implied consent of the Patient under emergency circumstances.

6. PAYMENT FOR SERVICES.

The patient is responsible for payment for care received at either Institution. Each Institution shall be responsible only for collecting its own payment for services rendered to the patient. No clause of this Agreement shall be interpreted to authorize either Institution to look to the other Institution to pay for services rendered to a patient transferred by virtue of this Agreement, except to the extent that such liability would exist separate and apart from this Agreement.

7. TRANSPORTATION OF PATIENT.

The Facility shall have the responsibility for arranging transportation of the patient to the Hospital, including selection of the mode of transportation and providing appropriate health care practitioner(s) to accompany the patient, as necessary. The Hospital's responsibility for the patient's care shall begin in accordance with the obligations set forth in Emergency Treatment and Active Labor Act ("EMTALA") 42 U.S.C.A. 1395dd(a) and the regulations promulgated thereto in carrying out the terms of this agreement.

Under the conditions of this Agreement, no PHI received or provided by either Institution may be used by or disclosed to a third-party except for as consented to by the patient for purposes of treatment, payment, or health care operations and as otherwise required by State and Federal law.

The Institution will strive to mitigate, to the extent practicable, any harmful effect that is known to the Institution of a use or disclosure of PHI in violation of its policies and procedures or the requirements of this Agreement.

C. Both Institutions recognize the right of patients to amend their consent to disclosure and therefore will make available the PHI to the other Institution in accordance with an amended consent.

This obligation to defend and indemnify shall include payment by the breaching party of any legal fees, expenses, witness fees, or other such costs incurred by the non-breaching party, its trustees, officers or employees. The Facility shall provide the Hospital with ten (10) days written notice of any cancellations or diminution of such coverage, and shall provide the Hospital with certificates evidencing such insurance upon request.

14. NON-EXCLUSIVITY.

Nothing in this Transfer Agreement shall be construed as limiting the rights of either Institution to enter into similar agreements, or to otherwise contract on a limited or general basis, with any other institution, either while this Agreement is in effect or thereafter.

Agreement should jeopardize the accreditation of Hospital, violates any licensing or other requirement, or performance would violate any statute, or for any reason be deemed illegal.

Either party may terminate this Agreement giving thirty (30) days written notice of termination to the other party. Termination of this Agreement shall not affect either parties' rights or obligations with respect to patients transferred prior to the date of any notice to terminate.

16. OTHER PROVISIONS:
