In Re Licensure Violation:

JUNIPER VILLAGE AT WILLIAMSTOWN

(NJ Facility ID# NJ35A005)

ORDER LIFTING DIRECTED PLANS OF
CORRECTION

TO: Melissa Repkoe, Administrator
Juniper Village at Williamstown
1648 S. Blackhorse Pike
Williamstown, New Jersey 08094
Melissa.Repkoe@JuniperCommunities.com

On November 8, 2024, the Department issued to Juniper Village at Williamstown a Directed Plan of Correction requiring the facility's Director of Nursing to provide in-service training to certified medication aides addressing scope of practice and medication administration for medication aides. Despite the training, on January 8, 2025, Department surveyors conducted a revisit and cited the facility for an additional medication error due to a medication aide handing medication to the wrong resident. Because the facility training proved ineffective at preventing such errors, on February 18, 2025, the Department issued a second Directed Plan of Correction, which required the facility to retain a Registered Nurse consultant to ensure staff training and testing for competency needed to comply with applicable licensing standards, including, but not necessarily limited to, medication administration by certified medication aides. This order confirms that both Directed Plans of Correction have been lifted effective May 12, 2025.

Thank you for your attention to this important matter and for your anticipated cooperation. If you have any questions concerning this order, please contact Lisa King, Office of Program Compliance, at Lisa.King@doh.nj.gov.

Sincerely,

Gene Rosenblum, Director
Office of Program Compliance
