On November 13, 2020, the Department of Health (Department) issued an Emergency Curtailment of Admissions Order and Directed Plan of Correction (DPOC), which was amended via a separate Order dated December 11, 2020. The DPOC required the facility to retain the full-time services of a Certified Infection Control Practitioner (ICP) consultant. On January 6, 2021 the Department issued an Order lifting the December 11, 2020 Emergency Curtailment of Admissions Order and left in place the requirements for the Directed Plan of Correction.

As of April 6, 2021, the Department is hereby lifting the December 11, 2020 Directed Plan of Correction.
