On December 10, 2021, the Department of Health (Department) issued a verbal Curtailment of Admissions and Services Order and Directed Plan of Correction (DPOC). The Department issued a written Order on December 13, 2021. The DPOC required the facility to retain the full-time services of a Certified Infection Control Practitioner (ICP) consultant.

On December 29, 2021, the Department lifted the Emergency Curtailment of Admissions and Services Order. The Department also accepted the Facility's Directed Plan of Correction on December 28, 2021. The Facility must also continue to meet the requirements set forth in Executive Directive No. 21-007(Revised), and CDC Guidance documents set forth at <https://www.cdc.gov/aging/covid19/adult-day-care-service>.
