On November 14, 2024, the New Jersey Department of Health (the Department) issued to Medford Care Center a verbal order curtailing new admissions and readmissions to the facility and a Directed Plan of Correction due to violations identified by Department surveyors that constituted an immediate and serious risk of harm to facility residents. On November 15, 2024, the Department memorialized both verbal directives in a written order. On February 10, 2025, the Department lifted the curtailment of readmissions, but the curtailment of new admissions and the Directed Plan of Correction remained in effect. On February 26, 2025, the Department partially lifted the Directed Plan of Correction by lifting the requirement that the facility retain a consultant dietitian.

Effective immediately, the Department hereby lifts the curtailment of new admissions and the remainder of the Directed Plan of Correction.

Thank you for your attention to this important matter and for your anticipated cooperation. If you have any questions concerning this order, please contact Lisa King, Office of Program Compliance, at Lisa.King@doh.nj.gov.

Sincerely,

Gene Rosenblum, Director
