1. Reviewed 2020 timelines for Action Teams (ACTs) and other HNJ2030-related activities
2. Reviewed selection guidance/criteria for narrowing down each Topic Area into a handful of Focus Issues
3. Reviewed ACT membership, meeting logistics, and next steps for now through spring

## HEALTH EQUITY COMMUNITY CONVERSATIONS

1. Amanda presented a summary of recent discussions between the NJDOH Office of Minority and Multicultural Health ([OMMH](#)), the NJDOH [Population Health Summit](#) planning team, and the HNJAC and HNJCC chairs. This year, OMMH's annual health equity forums will instead be "community conversations" with various priority populations to discuss how the HNJ2030 Focus Issues affect them and solicit ideas for improvement.
2. Already suggested priority populations were presented and ideas for others were solicited:
  - Economic status
  - Disproportionate exposure to environmental pollutants
  - Mental health
  - Victims of violent crimes
  - HIV-positive individuals
  - See [South Jersey CHNAs on Rutgers website](#) for more suggestions.
  - If you have more ideas, send them to Amanda or HNJ email account.
3. Asking that HNJAC members act as co-facilitators of the Health Equity Community Conversations. Training will be provided to those who need/want it.

### COUNCIL MEMBER UPDATES (RELATED TO HNJ)

1. Climate Change Resource Center to be established at Rutgers
2. Virtua's year-round [mobile farmers market](#) may be expanding to other pantry items
