HEALTH EQUITY COMMUNITY CONVERSATIONS (COVID-19 STORYTELLING PROJECT)

- Interview deadline extended to March 31, 2021
- Formats: interviews, focus groups, essays, poetry, art (visual and performing)
- Still no interviews from Salem County
- Codebook expected end of Feb/early March
- Emerging themes reviewed
- Digital Divide video: noted that people with developmental disabilities missing from video (but included in white paper); AQC ACT is looking into digital divide; audience is HECC participants, legislators, HNJ2030 team; HC ACT - broadband access as part of equitable access to all kinds of services; tech cost, access, and literacy; OATS (Older Adults Technology Service)
 - White paper will be distributed to group
 - Post video on HNJ2030 website after DCF approval
- Post-Sandy studies on family health: <https://ncdp.columbia.edu/microsite-page/sandy-child-and-family-health-study/scafh-publications-reports/>
 - Contact: [Patricia Findley](#), Rutgers School of Social Work
- **See meeting slides for more info**

CROSS-CUTTING ISSUES

- Cross-cutting issues recap
- Actions for the cross-cutting issues that transcend all Topic Areas
 - Equity: homelessness, racial injustice, data integration/interoperability, SDOH in data collection
 - Resilience: becoming trauma-informed, climate change
 - Policy: health in all policies, interagency policies

- Community conversations and other qualitative data, national frameworks/initiatives, statewide plans, use lessons learned from COVID – best practices and partnerships
- What could the process be?
- Who else do we need to include in the process? Other state agencies,
- Are other state agencies focusing on equity, resilience, and policy? Probably not formally like we are. Need an interagency workgroup on health-in-all-policies like there is for environmental justice and other issues. Need backing from governor.

HNJAC CHARTER REVIEW

- Access to Quality Care:
 - Lots of role changes, new members, haven't met since November, not a lot of discussion at recent meetings (just reporting from AC members to ACT members), poor meeting attendance (5-6 attendees, including BC, KG, and YM), consistency and engagement
- Healthy Communities:
 - Doesn't think ACT members will take on greater roles, maybe we don't need separate ACTs, wrap up ACT work and move on
- Healthy Families:
 - Subcommittee leads met on Monday because they felt ACT wasn't arranged well and are going to start 3rd transformation
- Healthy Living:
 - Worried no one will step up and take the reins, could add extra complications, don't want to add another level of "process"
- Might be time to break down the ACT structure and focus on subtopic teams
- We need to discuss next steps before "all teams" meeting
- How are we going to handle end of AC member terms?

OTHER

- Next meeting: Wednesday 3/10/21
- Maria to send Action Plan template slides

See meeting slides for more information.
