Meeting Minutes

Agenda Item	Lead Speaker	Notes
New Team Member Introductions	B. Wooding	<ul style="list-style-type: none"> Phygenia Nimoh introduced herself as a new team member
Group Introduction	B. Wooding	<ul style="list-style-type: none"> Group members introduced themselves and shared pertinent background information
Team Structure	B. Wooding	<ul style="list-style-type: none"> Carly, Renee, and Brandie volunteered to serve as a scribe in Julie's absence
Meeting Logistics	B. Wooding & R. Kraus & Group	<ul style="list-style-type: none"> Reviewed a word version of the 2020 SHIP "Birth Outcomes" section Provided an overview of the overall goal ""Equitably improve the health outcomes of birthing people and their families in New Jersey" and the current strategies listed in the 2020 SHIP. Team brainstormed regarding if current strategies are still relevant, require updating, and or if there are strategies that need to be added (please see current SHIP word document for team suggestions).

		<ul style="list-style-type: none"> • Team gave input on keeping some strategies, maybe combining two strategies, and adding one or two (please see word version of 2020 SHIP). • Shared with the group that absent team members wanted to highlight the following topics- <ul style="list-style-type: none"> ○ Breastfeeding ○ Discrepancy in IBCLC language • Team brainstormed and suggested new some activities to include under specific strategies (safe sleep, centering pregnancy/parenting, etc.). • Carly suggested making sure that equity, policy, and resilience are key themes included in strategy planning. Additionally, be sure to address various periods of pregnancy and postpartum period.
Next Steps	B. Wooding	<ul style="list-style-type: none"> • Follow-up meeting is scheduled for Friday April 22nd at 12pm • At the next meeting team will be prepared to list specific activities under each strategy. • Renee and Brandie will send out meeting minutes and the word version of the 2020 SHIP with team comments/suggestions. • Things to clarify for the group- <ul style="list-style-type: none"> ○ How many strategies are required? ○ How many activities should be listed under each strategy? ○ Can the title of the SHIP changes from “Birth Outcomes” to something broader such as “Maternal and Infant Health”? ○ Is Vaccination being covered by another subcommittee?

		<ul style="list-style-type: none">○ Is another committee focusing on adolescent health? If yes, should teen pregnancy be moved there?
