## GENERAL DESCRIPTION

New Jersey Department of Health, Communicable Disease Service is leading the COVID19 responses in New Jersey and provides daily COVID19 morbidity and mortality data to inform public, public health professionals and policy makers. This position to assist NJ Department of Health, Infectious and Zoonotic Disease Program within the Communicable Disease Service to enhance health information systems capacity and data modernization initiative. This position will leverage large complex datasets from public health sources including Communicable Disease Reporting and Surveillance System (CDRSS) to effectively answer questions about COVID19-related morbidity and mortality. This role will lead projects, report design discussions and prepare requirements for IT implementation of projects related to design enhancements for the Outbreak Module in CDRSS, enhancements for the Long-Term Care Facility NoviSurvey process, the addition of Contact Tracing elements from CommCare to CDRSS and assist with the CDS' portion of establishing a Master Patient Index function.

## REQUIREMENTS (EDUCATION / EXPERIENCE / LICENSES)

**EDUCATION:** Graduation from an accredited college or university with a Bachelor's degree.

**EXPERIENCE:** Three (3) years of experience in work involving the review, analysis, and evaluation of the administrative, business, and/or operational policies, procedures, practices, and processes and/or the technological requirements of an organization for the purpose of revising/enhancing existing information systems and/or developing/acquiring and implementing new IT solutions and services.

**NOTE:** Applicants who do not possess the required education may substitute additional experience as indicated on a year for year basis with thirty (30) semester hour credits being equal to one (1) year of experience.

**NOTE:** A Master's degree in Public Administration, Business Administration, Computer Science, Information Technology, Software Engineering, Information Security, Network Administration, or Database Management from an accredited college or university may be substituted for one (1) year of the indicated experience.

**LICENSE:** Appointees will be required to possess a driver's license valid in New Jersey only if the operation of a vehicle, rather than employee mobility, is necessary to perform the essential duties of the position.

## IMPORTANT FILING INSTRUCTIONS
