THE COMMISSIONER

Notice of Postponement of Certificate of Need Call for New Specialized Long-Term Care Beds for Severe Behavior Management

Take notice that, in compliance with N.J.S.A. 26:2H-1 et seq., and N.J.A.C. 8:33-4.1(a)2, Kaitlan Baston, MD, MSc, DFASAM, Commissioner, New Jersey Department of Health (Department), hereby publishes notice that the January 2, 2025, certificate of need (CN) call for applications for new specialized long-term beds for severe behavior management is hereby postponed.

In accordance with Department procedures, as set forth at N.J.A.C. 8:33-4.1(a), the Department is unable to provide sufficient advance notice to potential certificate of need applicants and interested parties to either prepare their respective certificate of need applications for specialized long-term care beds for severe behavior management or respond to such applications. In addition, the Department is in the process of gathering and evaluating data to determine whether there is currently a need for new specialized long-term care beds for severe behavior management. Accordingly, it is necessary to delay the CN call for new specialized long-term care beds for severe behavior management to allow the Department sufficient time to complete its evaluation of need, and to provide potential applicants and affected parties sufficient time to respond appropriately to a CN call notice in the event the Department determines that a CN call is appropriate. If the Department proceeds with the CN call, then a notice for new specialized long-term care beds for severe behavior management will be published in a

future issue of the New Jersey Register, which will provide the necessary time for both potential applicants and interested parties to respond to the future CN call notice. In the alternative, if the determination is made to cancel the CN call, then the Department will publish a cancellation notice in a future issue of the New Jersey Register.
