Consult the web site for details.

Successful population health programs require involvement from all stakeholders within healthcare, working together to improve the health of our communities.

Practicing population health has never been more important! As healthcare leaders, we understand the implications of socioeconomic disparities, and are working to transform care delivery to meet the needs of the community. We see the opportunities that will arise from new advances in technology, data analytics and precision medicine. We know that fixing our fragmented health system will help to control costs and improve the quality (and outcomes) of care. All of this is paving the way for a new healthcare system. The Colloquium will showcase the groundbreaking work of organizations who are leading health transformation through new care delivery models, creative partnerships and new data and technology innovations.

The 18th Population Health Colloquium will bring together healthcare providers, payers, pharmaceutical executives, leading technology and solutions companies, academia and government to highlight advances in population health. Leaders within the industry will share best practices, case studies, expert insights and industry trends.

The program will feature

- Announcement of the winner of the 2018 Hearst Health Prize for Excellence in Population Health
- A special dinner program — Disrupting Our Way to Better Health
- Co-located session with the Population Health Alliance
- Two Preconference sessions:
 - Using Shared Decision Making to Drive Population Health Strategy
 - Pursuing Equity: The Role of Health Care in Advancing Equity
- Six concurrent sessions focused on:
 - Leveraging Data and Technology to Provide Better Care
 - Optimizing Outcomes: Solutions for Population Health-Focused Organizations
 - Population Health in the Community
 - Designing and Implementing Population Health Programs
 - Delivering Population Health
 - Global Health Initiatives
- Multiple opportunities for networking with peers, including an opening night reception in the exhibit hall

The Jefferson College of Population Health is proud to serve as the exclusive Academic Partner for the Colloquium. Population health is critical to establishing better health outcomes. We are greatly encouraged by the new partnerships and collaborations whose ultimate goal is to improve the health of our population.

PARTICIPATION OPTIONS

TRADITIONAL ONSITE ATTENDANCE

Simply register, travel to the conference city and attend in person.

PROS: subject matter immersion; professional networking opportunities; faculty interaction.

LIVE AND ARCHIVED INTERNET ATTENDANCE

Watch the conference in live streaming video of plenary sessions and listen to audio of preconference and concurrent sessions over the Internet and at your convenience at any time 24/7 for six months following the event.

The archived conference includes speaker video and audio and coordinated PowerPoint presentations.

**EIGHTEENTH POPULATION HEALTH COLLOQUIUM
PRECONFERENCE SYMPOSIA** *(Separate registration required)*

8:00 am PRECONFERENCE I: USING SHARED DECISION MAKING TO DRIVE POPULATION HEALTH STRATEGY

Content Partner:  NATIONAL QUALITY FORUM

This session will discuss how shared decision making (SDM) can strengthen your population health strategy and drive outcomes. The workshop begins with a brief overview of SDM principles, followed by a panel discussion focused on key outcomes that can be achieved with successful SDM implementation, including: improved patient and provider experience, higher quality of care, and care that aligns with what matters most to patients. We'll conclude with an inspiring discussion of the key role of culture and leadership as well as a practical overview of important resources, best practices, and strategies proven to facilitate successful implementation of SDM across a range of care delivery settings.

During this half-day workshop, participants will:

- Understand the role of shared decision making in population health.
- Identify examples of health system and payer delivery models that support and facilitate shared decision making.
- Identify ways to implement shared decision making principles across systems of care.

8:00 am PRECONFERENCE II: PURSUING EQUITY: THE ROLE OF HEALTH CARE IN ADVANCING EQUITY

Content Partner:  Institute for Healthcare Improvement

Health care has an important role in advancing equity. This session will provide actionable ideas for improving equity by sharing share case studies and "how-to's" behind the five-pillar framework for health systems to advance equity: (1) making equity a strategic priority, (2) building the structures and processes to support equity, (3) addressing clinical care and other determinants of health that health care can influence (e.g., SES of employees), (4) addressing institutional racism and, and (5) partnering meaningfully with the community. Attendees will have the opportunity to develop next steps to take action that will advance equity in their organizations.

Mini Summit I: ACOs at an Inflection Point: Where the Movements is Headed and Why Some Succeed While Others Don't

Sponsored by

Over 900 public and commercial ACOs have spread across the country but where is this movement headed in an environment of changing markets and government policy? As ACOs extend their lifespan, we find indicators of what makes some succeed and others fail. These findings are now incorporated into the Accountable Care Atlas, an initiative to collaboratively map out the competencies required in a value-based world. Accenture and providers will present on the assessment areas and insights on providers that have implemented ACOs and shared savings, what competencies have stood out and the journey along the process.

Gerry Meklaus, MHSA, Managing Director and Value Based Care Lead, Accenture: Insight Driven Health, West Chester, PA

John Poelman, Executive Director, Accountable Care Learning Collaborative; Senior Director, Leavitt Partners, Salt Lake City, UT

Mini Summit II: Personalized Medicine, Machine Learning, and Genomics: a Clinical Approach to Employer Population Health & Wellbeing

Sponsored by

More Americans (150M) receive health benefits through an employer than any other source of coverage. Millennials, ages 18-34 now number 75.4 million, surpassing the 74.9 million Baby Boomers (ages 51-69). Generation X (ages 35-50) is projected to pass the Boomers in population by 2028.

Employers continue to confront annual increases in the cost of health benefits. High cost conditions drive 30% of employer spend yet represent 1-2% of the employed population. Employers who want to maintain an engaged, productive workforce will need implement highly targeted population health and personalized medicine strategies to drive optimal health care value.

Today's sessions will highlight Quest's approach for our own employee health program that contributed to a negative cost trend in 2017. We will also share our vision for the near term achieved through innovative partnerships that maximize the value of clinical data within population health management programs.

Maren Fragala, PhD, CSCS.D, Director, HealthyQuest, Quest Diagnostics, Madison, NJ

Steven Goldberg, MD, MBA, Chief Population Health, Quest Diagnostics; Clinician, Kentuckiana Medical Center, Louisville, KY

Wendi Mader, MA, Director, Marketing and Strategy, Health & Wellness, Quest Diagnostics, Denver, CO

Jay Wohlgemuth, MD, Senior Vice President and Chief Medical Officer, Research & Development, Medical and Employee Health, Quest Diagnostics, Castle Rock, CO

Mini Summit III: Improving Patient Care and Provider Experience through Population Health Management

Sponsored by

PHILIPS

Healthcare is an ever-changing industry, and success in population health and value-based care requires a commitment to the journey. Improving quality and reducing costs while improving patient experience requires innovative partnerships and collaborations. This session will provide an overview of the strategy and key focus items for a joint venture between two Seattle health systems. Combining data across a clinically integrated network containing multiple independent clinic providers and two major hospital systems is ambitious, but attainable through strategic partnerships and collaborative, co-creation processes. Join us as we share Eastside Health Network's transformational success into population health management.

The session will be led by Tom Zajac, an industry expert who has devoted his career to improving the business of healthcare.

David LaMarche, Executive Director, Eastside Health Network, Kirkland, WA

Sara Rutherford, MPH, Quality Program Manager, Eastside Health Network, Kirkland, WA

Tom Zajac, Former Chief Executive Officer, Population Health, Philips, Alpharetta, GA

Mini Summit IV: Best in Class Collaboration Models with Pharma for Improving Population Health in Chronic Conditions

Sponsored by: Biogen and Intarcia Therapeutics, Inc.; Hosted by:

The Access Group®

This session will present models of how health systems and pharmaceutical manufacturers can work together to address chronic conditions, such as multiple sclerosis (MS) and diabetes, within the population health framework. The use of data analytics, quality metrics, care pathways, and roles of patients, providers, and payers will be explored.

Biogen and Intarcia Therapeutics, Inc. leadership will present perspectives on multiple sclerosis and diabetes, respectively. The session will conclude with a panel discussion and audience Q&A related to opportunities and challenges of this type of collaboration.

SPECIAL EVENING DINNER PROGRAM: DISRUPTING OUR WAY TO BETTER HEALTH

(Optional Dinner Program; Separate registration required.)

Fee: \$120. Includes reception, dinner and presentation/discussion. Seating is limited. Register by March 9, 2018

Making the health care system work requires an entirely new approach, one that involves all the stakeholders and makes the most of all the tools and technology available. True transformation will require us to think differently about everything: how we involve the whole community to improve health; where and how we bring services to people; and giving people the help they need to live healthier lives. These changes will require us to educate and recruit a new health care workforce with the right skills.

Join us for dinner and an evening of lively and thoughtful conversation, as David Nash poses questions to two of today's most dynamic and controversial health system leaders.

THE FOLLOWING REGISTRATION TERMS AND CONDITIONS APPLY

REGARDING WEBCAST REGISTRATIONS

1. Individuals or groups may register for Internet access. Conference plenary sessions are broadcast in video. Conference preconference and concurrent sessions are broadcast in audio only. Organizations may register for group access without presenting specific registrant names. In such instances the registering organization will be presented a series of user names and passwords to distribute to participants.
2. Each registrant will receive a user name and password for access. Registrants will be able to change their user names and passwords and manage their accounts.
3. Internet registrants will enjoy six (6) months access from date of issuance of user name and password.
4. Only one user (per user name and password) may view or access archived conference. It is not permissible to share user name and password with third parties. Should Internet registrants choose to access post conference content via Flash Drive, this individual use limitation applies. It is not permissible to share alternative media with third parties.
5. User name and password use will be monitored to assure compliance.
6. Each Internet registration is subject to a "bandwidth" or capacity use cap of 5 gb per user per month. When this capacity use cap is hit, the registration lapses. Said registration will be again made available at the start of the next month so long as the registration period has not lapsed and is subject to the same capacity cap.
7. For Webcast registrants there will be no refunds for cancellations. Please call the Conference Office at 800-503-7439 or 206-452-5203 for further information.

REGARDING ONSITE REGISTRATION, CANCELLATIONS AND SUBSTITUTIONS

1. For onsite group registrations, full registration and credit card information is required for each registrant. List all members of groups registering concurrently on fax or scanned cover sheet.
2. For onsite registrants there will be no refunds for "no-shows" or for cancellations. You may send a substitute or switch to the Webcast option. Please call the Conference Office at 800-503-7439 or 206-452-5203 for further information.

METHOD OF PAYMENT FOR TUITION

Make payment to Health Care Conference Administrators LLC by check, MasterCard, Visa or American Express. Credit card charges will be listed on your statement as payment to HealthCare (HC) Conf LLC. Checks or money orders should be made payable to Health Care Conference Administrators LLC. A \$30 fee will be charged on any returned checks.

REGISTRATION OPTIONS

Registration may be made online or via mail, fax or scan.

You may register through either of the following:

- Online at www.PopulationHealthColloquium.com.
- Fax/Mail/Email using this printed registration form. Mail the completed form with payment to the Conference registrar at 12330 NE 8th Street, Suite 101, Bellevue, WA 98005-3187, or fax the completed form to 206-319-5303, or scan and email the completed form to registration@hconferences.com. Checks or money orders should be made payable to Health Care Conference Administrators LLC.

The following credit cards are accepted: American Express, Visa or MasterCard. Credit card charges will be listed on your statement as payment to HealthCare (HC) Conf LLC.

For registrants awaiting company check or money order, a credit card number must be given to hold registration. If payment is not received by seven days prior to the Colloquium, credit card payment will be processed.

TAX DEDUCTIBILITY

Expenses of training including tuition, travel, lodging and meals, incurred to maintain or improve skills in your profession may be tax deductible. Consult your tax advisor. Federal Tax ID: 91-1892021.

CANCELLATIONS/SUBSTITUTIONS

No refunds will be given for "no-shows" or for cancellations of either Webcast or onsite registrations. You may send a substitute or transfer your onsite registration to a Webcast registration. For more information, please call the Conference Office at 800-503-7439 or 206-452-5203.

INTELLECTUAL PROPERTY POLICY

Unauthorized sharing of Colloquium content via Internet access through the sharing of user names and passwords or via alternative media (Flash Drive) through the sharing of said media is restricted by law and may subject the copyright infringer to substantial civil damages. The Colloquium aggressively pursues copyright infringers. If a registrant needs the ability to share Colloquium content within his or her organization, multiple Colloquium registrations are available at discounted rates.

The Colloquium will pay a reward for information regarding unauthorized sharing of Colloquium content. The reward will be one quarter (25%) of any recovery resulting from a copyright infringement (less legal fees and other expenses related to the recovery) up to a maximum reward payment of \$25,000. The payment will be made to the individual or individuals who in the opinion of our legal counsel first provided the factual information, which was necessary for the recovery. If you have knowledge regarding the unauthorized Colloquium content sharing, contact the Colloquium registration office.

TUITION SCHOLARSHIPS

The Population Health Colloquium is now offering a limited number of partial and full Tuition Scholarships to qualifying representatives of consumer advocate organizations, safety net providers, academics, students and health services research organizations. The Tuition Scholarship application form can be downloaded from the Colloquium website.

CONTINUING EDUCATION UNITS (CEUs)

NASBA CPE CREDIT

Health Care Conference Administrators, LLC is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: www.learningmarket.org. A recommended maximum of 20.00 credits based on a 50-minute hour will be granted for the entire learning activity. This program addresses topics that are of a current concern in the compliance environment. This is an update, group-live activity. For more information regarding administrative policies such as complaints or refunds, call 206-757-8053 or petergrant@dwt.com.

POSTCONFERENCE APPLICATION FOR CREDIT

ABQAURP

ABQAURP Diplomates who would like to utilize CE credits received from an accredited provider other than ABQAURP must complete and return this form with the required documentation and fees: www.abqaarp.org/pdf/recert-app.pdf. The Colloquium will issue a certificate of attendance to be submitted in conjunction with the ABQAURP form.

CERTIFICATE OF ATTENDANCE

Onsite attendees can also request a Certificate of Attendance which they can file with appropriate entities for credit, and webcast attendees can request a Webcast Certificate of Attendance on which they can certify the number of hours they watched and can file with appropriate entities for credit.

REGISTRATION BINDING AGREEMENT

Registration (whether online or by this form) constitutes a contract and all of these terms and conditions are binding on the parties. In particular, these terms and conditions shall apply in the case of any credit/debit card dispute.

GENERAL TERMS AND CONDITIONS

Program subject to cancellation or change. If the program is cancelled the only liability of the Colloquium will be to refund the registration fee paid. The Colloquium shall have no liability regarding travel or other costs. Registration form submitted via fax, mail, email or online constitutes binding agreement between the parties.
