## PREFACE

While the pandemic impacted all aspects of college operations, Raritan Valley Community College continues to serve the people and businesses of Somerset and Hunterdon counties. Throughout the public health crisis, RVCC strove to fulfill three core objectives:

- to protect the health and safety of all students, staff, and visitors;
- to promote innovative and agile teaching and learning;
- to sustain the college's long-term future.

With about 7,000 students enrolled in credit courses each fall semester and another 2,000 individuals taking advantage of our non-credit professional development and personal enrichment programs, the College is thriving and continuing to find ways of serving all residents.

We are dedicated to the success of every student. Our students enjoy the benefits of small class sizes, personalized attention, and dedicated faculty members who bring real-world experience, as well as solid academic backgrounds, to the classroom. Nearly 55 percent of our faculty members have doctorates or the highest available degrees offered in their fields of study. In addition, our College has received national attention for its service learning program, for its commitment to sustainability and environmental stewardship, and for its diversity initiatives.

RVCC is a great place for students to start their college educations. Our students have transferred to the top colleges and universities in New Jersey and across the nation, including Yale University, Columbia University, Cornell University, New York University, and Drew University. We have signed an international transfer agreement with the University of Greenwich in the United Kingdom and secured another with the American University in Paris. These agreements will open up opportunities for RVCC graduates to seamlessly transfer to the international universities that educate students from around the world.

It is also a great place for adults to learn new job skills, start on a new career path, or just take some courses for personal enrichment. The College also has partnered with top New Jersey colleges and universities to offer courses leading to bachelor's and master's degrees on our campus through the University Center.

As president of Raritan Valley Community College, I am pleased to present our Annual Institutional Profile for the 2020-2021 academic year.

Dr. Michael J. McDonough  
President  
Raritan Valley Community College

## HISTORY

Raritan Valley Community College was originally founded on November 16, 1965, as Somerset County College by resolution of the Somerset County Board of Freeholders. The College was officially established April 5, 1966 by the appointment of a nine-member Board of Trustees. Somerset County College opened its doors to 229 students on September 12, 1968 at its temporary home Green Brook High School. In May 1970, the first commencement was held for 75 graduates.

In July 1968, the College found a permanent home with the purchase of a 240-acre site in North Branch. With the first phase of construction underway, an interim facility, the current Arts Building, was built to house all College operations. In September 1973, students finally moved into new, permanent facilities that included Hunterdon and Somerset Halls. The second phase of construction was completed in 1975, adding to the complex a new College Center, which included the cafeteria, bookstore, Student Enrollment Center, and Student Activities area, along with a Physical Education building that featured a full gymnasium, fitness center, and swimming pool. The campus continued to grow with the opening in 1985 of a new library and 1,000-seat Theatre.

The College's major redefining moment came in November 1986 when freeholders from Hunterdon and Somerset approved co-sponsorship of the College. The first bi-county college in the state was officially named "Raritan Valley Community College" in July 1987.

With the merger and new name, the College continued to expand. March 1990 marked the official opening of the 100-seat Planetarium. As part of the College's 25th anniversary celebration in 1993, the library was named to honor founding trustee Evelyn S. Field, and the Theatre was named for founding trustee Edward Nash. In June 1993, a Child Care Center opened to serve the children of RVCC students, faculty, staff, and administrators. The Center for Advanced Teaching and Technology, which opened in 1994, brought multimedia resources into the classroom via fiber optics, enabling RVCC to become the first community college in the state to offer the new classroom technology. Four years later, the state-of-the-art Conference Center opened, serving as a conduit to bring the corporate and academic communities together.

Other additions to the College complex include the Institute for Holocaust and Genocide Studies and the Paul Robeson Institute for Ethics, Leadership and Social Justice. In September 2002, the Christine Todd Whitman Science Center opened. The facility houses the biology, biotechnology, chemistry, physics and engineering laboratories, as well as a lecture hall that provides interactive centers for teaching using technology. An Academic Support Center opened in September 2005, offering students centralized tutoring services for all academic areas. The West Building opened in fall 2007. The 18-classroom building houses the Mathematics and Computer Science department. In a far-reaching effort to enhance workforce training programs for Somerset County residents while reducing administrative costs by sharing services, in July 2010 RVCC assumed administration of all post-secondary programs previously offered by the Somerset County Technology Institute (SCTI) in Bridgewater. The 3M Observatory, located next to the RVCC Planetarium, opened in spring 2013 and the Ray Bateman Center for Student Life and Leadership opened in early 2014. New capital campaigns are under way to continually expand the campus.

**MISSION STATEMENT**

Raritan Valley Community College is an inclusive college community inspiring excellence in education, creating opportunity, and transforming student lives.

## C. Characteristics of Undergraduate Students

### 1. Enrollment in Remediation

Raritan Valley administers the Accuplacer® Placement Test to all entering, degree-seeking students with the following exceptions:

Students are not required to take the English Placement test if they:

- Provide an SAT score report indicating an Evidence-Based Reading and Writing score of at least 450 (or an ACT English score of 24);
- Provide evidence of successfully completing a college-level English course, equivalent placement exam, or at least 24 credits at a regionally accredited college.

Students are not required to take the Mathematics Placement test if they:

- Provide an SAT score report indicating a critical mathematics score of at least 500 (or an ACT Math score of 22). Students will then be placed into a selection of non-math intensive College Level math courses (depending on the major). Students may opt to take the placement test for possible placement into higher level Mathematics courses.
- Provide evidence of successfully completing a college-level mathematics course or equivalent placement exam at a regionally accredited college.

### 3. Public Service Activities

Raritan Valley is committed to serving the public and community through several programs and services.

#### *Theatre*

The Theatre at Raritan Valley Community College (RVCCArts), a community-based, non-profit performing arts center, presents a wide range of cultural programming by professional touring companies of regional, national and international stature. Providing affordable entertainment and educational programming to the college and the community, RVCCArts strives to be a meeting place of diverse ideas and art—a cultural centerpiece—providing a central location where college and community, teacher and learner can come together and share the transforming experience of live performance.

Each season, the Theatre presents a MainStage series; programing for Youth and Family and School-Time Performances, a series of educational field trip events for pre-K through grade 12. In addition, the theatre offers two mid-week series for an adult audience, Tuesdays with Stories and Club28. These events are designed for a smaller audience, in an intimate setting, and each includes post-show discussion with the artists.

### *Conference Services*

The Conference Center at Raritan Valley Community College offers over 5,500 square feet of multi-functional meeting and event space to accommodate specific meeting, conference, training, or other event needs. Coupled with our integrated technology, free ample parking, and on-site catering services, the Conference Center at RVCC provides a “one-stop-shop” experience for clients who want to focus on the content of their events and leave the planning details up to our experienced and professional event planning team.

### *Planetarium*

The 100-seat RVCC Planetarium utilizes a computerized AllDome High Definition projection system, offering visitors an immersive virtual tour of the Universe. The Planetarium visuals are complemented with a 5.1 surround sound audio system.

The Planetarium also features a gift shop and exhibit area. Exhibits include 1/15th scale models of the Space Shuttle and Hubble Space Telescope; various images from the Space Telescope; a Gravity Well; an H-R Diagram; and a series of five displays that describes our place in the Universe. A 142-pound iron meteorite is on a multi-year loan from the American Museum of Natural History. A small observatory using a 16-inch Meade telescope was permanently installed next to the Planetarium in spring 2013, along with a variety of portable telescopes that are available to visitors.

Each year the Planetarium provides programs to more than 20,000 school children, as well as 9,000 public attendees. Presentations include such topics as the changing seasonal sky, Moon phases, tours of the solar system, exploration of our Milky Way Galaxy and the Universe.

### *Youth Programs*

RVCC provides safe and positive programs for boys and girls that offer each child the opportunity to develop their physical and mental abilities. Our enrichment programs are designed to enhance your child's knowledge and personal growth. Subjects include science, computers, fine and performing arts, languages, and more.

### *Holocaust and Genocide Studies*

Established in 1981, the Institute for Holocaust and Genocide Studies offers education programs for educators, students, and the community about the consequences of prejudice, violation of human rights, and violence such as genocides that continue today. The Institute is a collaboration between RVCC and the Jewish Federation of Somerset, Hunterdon, and Warren counties. The Institute's Holocaust and Genocide Resource Center was opened in 1999. It serves as the repository for the Morris and Dorothy Hirsch Research Library of Holocaust, Genocide and Racism. The room offers a place for quiet study and reflection. Teaching materials, reference materials, a multi-media collection, and internet access are available. This resource room serves as an instructional center for classes, workshops, lectures, and presentations.

### *Paul Robeson Institute for Ethics, Leadership, and Social Justice*

The Paul Robeson Institute at Raritan Valley Community College was founded in 1999 to preserve Paul Robeson's legacy in the area where he came of age as an artist, athlete, orator, and scholar. The Institute provides programs for the college and the community. Its resource center affords students and members of the community a quiet place to research and study.

## I. Major Capital Projects Underway in FY 2021

- Continued renovation of the College's first building, now primarily dedicated to the Arts, including two small additions. Total project cost \$5,500,000.
- Second phase of student services support relocation – demolition of old testing center and development of bid specs for fit-out to accommodate primarily advising, counseling and disability services departments. Total project cost \$2,400,000
