Institutional Profile Report

2021

September 17, 2021

Fellow New Jerseyans:

On behalf of Rutgers, The State University of New Jersey, I present our 2021 Institutional Profile Report—a means by which to share timely, objective data about our educational and administrative operations.

Although for a second year we faced tremendous challenges related to the ongoing COVID-19 pandemic, we were still able to award 19,000 degrees, offer instruction to more than 70,000 students, and provide valuable service to the people of New Jersey, such as conducting clinical trials for coronavirus vaccines now in use around the world.

Rutgers is dedicated to our mission of teaching, research, and service to New Jersey. A member of the Association of American Universities since 1989, Rutgers is strengthened by the scholarly excellence of our faculty, the success of our students—many of whom earn international fellowships and scholarships, the award-winning innovations of our staff, and the contributions our more than 500,000 alumni make to New Jersey and the world.

This Institutional Profile Report provides valuable information and reflects our continuing commitment to New Jersey and its citizens.

Sincerely,

Jonathan Holloway

Introduction and Accreditation Status

Rutgers, The State University of New Jersey

General Background

Chartered in 1766 as Queen's College, Rutgers, The State University of New Jersey, is the eighth oldest institution of higher learning in the United States. It has a unique history: from its inception as one of the nation's nine colonial colleges, Rutgers grew to become the land-grant college of New Jersey in 1864, and to assume full university status in 1924. Legislative acts of 1945 and 1956 designated it "The State University of New Jersey." The University of Newark merged with Rutgers in 1946, and the College of South Jersey in Camden joined in 1950. In 2013, most units of the former University of Medicine and Dentistry of New Jersey were integrated into Rutgers. All of the university's property and educational facilities are imparted with a public trust for the higher education of the people of the State.

Today, Rutgers, The State University of New Jersey, is a leading national research university and the state of New Jersey's preeminent, comprehensive public institution of higher education. More than 70,000 students and 22,000 faculty and staff learn, work, and serve the public in locations throughout the state, including:

- Rutgers University-New Brunswick. Rutgers-New Brunswick is where Rutgers began more than 250 years ago. Ranked among the nation's finest research universities, Rutgers' flagship is a member of both the prestigious Association of American Universities (AAU) and the Big Ten Academic Alliance.
- Rutgers Biomedical and Health Sciences. RBHS is one of the nation's largest academic health centers and is aligned with Rutgers-New Brunswick. RBHS advances medical innovation, provides state-of-the-art patient care, and educates a full complement of healthcare professionals.
- Rutgers University-Newark. Rutgers-Newark is a diverse research university where opportunity meets excellence. It is an anchor institution in New Jersey's largest city and cultural capital.
- Rutgers University-Camden. Rutgers-Camden offers transformative learning experiences in a personalized setting, fosters high-impact research, and engages in solution-oriented service to the city and region around it.

University Mission

As the premier comprehensive public research university in the state's system of higher education, Rutgers, The State University of New Jersey, has the threefold mission of:

- providing for the instructional needs of New Jersey's citizens through its undergraduate, graduate, and continuing education programs;
- conducting the cutting-edge research that contributes to the medical, environmental, social, and cultural well-being of the state, as well as aiding the economy and the state's businesses and industries; and
- performing public service in support of the needs of the citizens of the state and its local, county, and state governments.

Each component of the university's mission reinforces and supports the other two.

Accreditation Status

In 2018, the Middle States Commission on Higher Education (MSCHE) reaffirmed the university's accreditation. Numerous programs at the university are also accredited by professional accreditation associations. See the *Statement of Accreditation Status* from MSCHE reprinted below for details.

Enrollment in Remediation Courses, Fall 2020

All newly admitted first-year students will take Rutgers University's placement tests. Transfer students entering Rutgers without an equivalent English writing course or math course will also be required to take placement tests. The placement tests are designed to provide information about students' individual skills in the English language and in mathematics. The test results will be used to place students in the courses and sections appropriate to their level of preparation.

Healthier New Brunswick Initiative

The mission of Healthier New Brunswick is to build a healthier community to insure the health of our children and generations beyond. This mission will be achieved through the implementation of a longitudinal community-based initiative. Healthier New Brunswick will serve as a catalyst for building upon existing health resources, fostering collaboration and offering new approaches.

Homeless and Indigent Population Health and Outreach Project (H.I.P.H.O.P.)

The mission of the Homeless and Indigent Population Health Outreach Project (H.I.P.H.O.P.) is to build strong doctors and strong communities. HIPHOP accomplishes this goal by literally turning the community into the classroom, giving healthcare professional students opportunities to empower their future patients. H.I.P.H.O.P provides students with unique service-learning opportunities such as taking blood pressure screenings at local health fairs, teaching educational workshops on preventive medicine at Ozanam Family Shelter, the New Hope Foundation-Open Doors, and local middle/high schools, serving food at Elijah's Promise Soup Kitchen, assisting physicians at Eric B. Chandler Health Center, and various other outreach activities.

Community Interpreter Program

The New Brunswick Community Interpreter Project is a grant-funded, non-profit program that trains English-Spanish bilingual Rutgers students in the skills of medical interpreting for service in local clinics and hospitals.

Office of Community Health

Robert Wood Johnson Medical School (RWJMS) has a clearly stated commitment to community service and the improvement of community health as one of the four core missions of the school. The Office of Community Health has responsibility for the development, implementation and oversight of many of the school's community health initiatives.

Community Health Programs— School of Health Professions

Faculty-Led Physician Assistant Practice

With a focus on orthopedics and neurosurgery, the five faculty members perform consultations, provide pre- and post-operative care, assist in surgery, and manage patients in the outpatient setting. The PAs also engage in clinical education, including acting as preceptors for Rutgers PA students.

Newark Therapy Services

The mission of Newark Therapy Services (NTS), since 1996, is to provide the highest quality physical and occupational services to students with special needs. NTS's goal for each client is to achieve maximum function and participation in educational environments and to improve each client's quality of life with an ultimate goal of community integration. The practice provides evaluations, individual and group treatment, pre-school programming and educational presentations to school staff.

Free Community Participatory Physical Therapy Clinic

The clinic serves the community's health needs that are within the scope of physical therapy practice. Physical therapy, health and wellness education and referral to community resources is provided to patients, clients and participants at no cost.

Community Health Programs— School of Nursing

Camden Community Health Center

In collaboration with the school's Mobile Healthcare Project, the center offers physical exams, vaccinations, screenings, and diagnostic testing, as well as home visits to elderly or housebound residents, pregnant women, and new mothers.

Mobile Healthcare Project

This initiative includes the New Jersey Children Health Project (NJCHP), a partnership with the Children's Health Fund which provides a range of mobile health services to medically underserved children and families in Newark and vicinity. Goals of the NJCHP include ensuring that children in high-risk populations have access to primary and specialty care and early identification and management of chronic conditions including asthma and childhood obesity.
