

Institutional Profile Report
2024

September 20, 2024

Fellow New Jerseyans:

On behalf of Rutgers, The State University of New Jersey, I am pleased to present our 2024 Institutional Profile Report—a means by which to share timely, objective data about our educational and administrative operations.

Over the past year, all three of our campuses maintained or improved upon the significant gains they made in the national rankings last year, and all are again ranked among the top 50 public universities in the country. Equally notable, all three—Rutgers–Camden, Rutgers–Newark, and Rutgers–New Brunswick—rank in the top 25 institutions nationwide for the percentage of Pell grant recipients graduating within six years.

Over the past year, we were proud to award more than 18,500 degrees, offer instruction to more than 67,000 students, and provide valuable service to the people of New Jersey.

Rutgers is dedicated to our mission of teaching, research, and service to New Jersey. A member of the Association of American Universities since 1989, Rutgers is strengthened by the scholarly excellence of our faculty, the success of our students—many of whom earn international fellowships and scholarships, the award-winning innovations of our staff, and the contributions our nearly 600,000 alumni make to New Jersey and the world.

This Institutional Profile Report provides valuable information and reflects our continuing commitment to New Jersey and its citizens.

Sincerely,

A handwritten signature in black ink, appearing to read "Jonathan Holloway". The signature is fluid and cursive, with the first name "Jonathan" written in a more compact, stylized script and the last name "Holloway" written in a more legible, cursive style.

Information about the Middle States Commission on Higher Education

The Middle States Commission on Higher Education (MSCHE) is a global institutional accreditor recognized since 1952 by the United States Secretary of Education. As an institutional accreditor and member of the regulatory triad, MSCHE assures students and the public of the educational quality for its over 500 institutions of higher education.

MSCHE accreditation applies to an institution as a whole rather than the specific programs within an institution. MSCHE does not approve or accredit individual programs. Each institution is regularly and consistently evaluated and monitored in accordance with the Commission's policies and procedures.

An institution maintains its accreditation unless it is voluntarily surrendered, whether through institutional closure or otherwise, or it is denied or withdrawn by the Commission. For more information, visit [msche.org](https://www.msche.org).

ACCREDITATION

Rutgers, The State University of New Jersey is a member of the Association of American Universities, a prestigious body of 62 public and private research institutions.

Rutgers is accredited by the Middle States Commission on Higher Education (MSCHE), a voluntary, nongovernmental, peer-based membership association dedicated to promoting standards of excellence and improvement in higher education.

University Accreditation

The comprehensive, decennial reviews include the preparation of a university-wide self-study and a site visit conducted by a team of external peer educators who report to the MSCHE. Five years after each decennial review, there is an interim evaluation. For this assessment, Rutgers creates a Periodic Review Report (PRR) which is a study of the university in light of any recommendations made during the previous comprehensive evaluation.

Enrollment in Remediation Courses, Fall 2023

All newly admitted first-year students will take Rutgers University's placement tests. Transfer students entering Rutgers without an equivalent English writing course or math course will also be required to take placement tests. The placement tests are designed to provide information about students' individual skills in the English language and in mathematics. The test results will be used to place students in the courses and sections appropriate to their level of preparation.

Programs for the Community

RUTGERS UNIVERSITY - CAMDEN

Civic Engagement Programs

Rutgers University–Camden offers **programs for the greater community** through the Office of Civic Engagement and through partners across campus in a variety of areas, including education, economic development, and law and public policy.

Education

CENTER FOR THE ARTS

Hundreds of children and teens from across southern New Jersey nurture their appreciation of the arts through a variety of innovative education programs developed by the Rutgers–Camden Center for the Arts. These innovative arts education programs are offered in the schools, at Rutgers, or through distance learning. They build skills and abilities within various arts disciplines; foster self-awareness of individual artistic assets; augment knowledge of the arts in historical and cultural context; and much more. The RCCA also conducts projects that integrate arts into the Camden City neighborhoods.

Contact: Noreen Scott Garrity at ngarrity@camden.rutgers.edu or 856-225-6306.

RUTGERS FUTURE SCHOLARS

As part of a university-wide initiative, the Rutgers Future Scholars work with students from the Camden School District starting in the summer before they enter the eighth grade. The children become part of a unique pre-college culture of university programming, events, support, and mentoring that continues through their high school years. Students who successfully complete the pre-college initiative and are admitted to Rutgers will receive a scholarship covering the cost of their tuition for four years funded through a range of grants and donations.

Contact: Brian Phillips at brian.phillips@camden.rutgers.edu or 856-225-2330.

JUMPSTART

Jumpstart is a national early education organization that recruits and trains college students to work with preschool children in low-income neighborhoods. Through a proven curriculum, these children develop the language and literacy skills they need to be ready for school, setting them on a path to close the achievement gap before it is too late. Jumpstart Corps members have the unique opportunity to inspire young children to learn, serve in the Camden community, work on a team, and build professional skills. All Corps members receive professional-caliber training to help them implement Jumpstart's outcome-based program, promote children's school success, and build family involvement.

RUTGERS HEALTH

Community Engagement

Committed to Community

Rutgers Health remains dedicated to meaningful, sustainable clinical and community service—locally and around the world—to improve health and address major societal issues.

Community Health Care and Service Learning

Rutgers Health community health programs reach out to the residents of New Jersey, particularly people living in traditionally underserved areas, to provide access to high-quality health care, regardless of cultural or ethnic background, or ability to pay.

[Eric B. Chandler Health Center](#)

The Eric B. Chandler Health Center offers comprehensive, family-oriented community health services to people in New Brunswick. Part of the center's objective is to provide high quality outpatient health care that is culturally effective, accessible, and affordable, as well as high quality educational opportunities for health professionals who train there.

[Free Community Participatory Physical Therapy Clinic](#)

The Community Participatory Physical Therapy Clinic serves people in Newark with physical therapy services along with wellness and health education. The clinic is supervised by a licensed physical therapist and student volunteers from the entry level doctoral program in physical therapy at the Rutgers School of Health Professions.

[H.O.P.E. Clinic](#)

The Health Outreach Practice Experience (H.O.P.E.) Clinic in Plainfield, New Jersey, provides free primary care and management of acute and chronic diseases such as diabetes and hypertension for uninsured adults. The clinic, led by the Rutgers School of Health Professions' Physician Assistant Program, provides opportunities for student learning and engagement with the local community.

[Promise Clinic](#)

The Promise Clinic, an extension of the HIPHOP project, is a volunteer-based, student-run clinic in the Eric B Chandler Health Center in New Brunswick. The clinic provides free primary care services to the

uninsured clients of Elijah's Promise Soup Kitchen and assists with health maintenance, screenings, medications, and laboratory work.

Student Family Health Care Center

Run by medical student volunteers from New Jersey Medical School, the Student Family Health Care Center serves the needs of medically underserved populations by providing free, quality health care to Newark community members. Services include physical examinations, chronic disease management, gynecological care, and psychosocial counseling. All services are provided under the supervision of board-certified family physicians.

François-Xavier Bagnoud Center

The François-Xavier Bagnoud Center within the Rutgers School of Nursing is a leader and innovator in programs for vulnerable women, children, youth, and families, including those infected/affected by HIV. The center serves Newark and surrounding areas, and its staff provides health care, medical case management services, community outreach, and education for clients and their families.

HIPHOP Community Health Initiative

The Homeless and Indigent Population Health Outreach Project (HIPHOP) Community Health Initiative links Robert Wood Johnson Medical School students who seek to meet health-specific learning objectives, with services that address health and social needs. The program provides community outreach, health promotion, preventive education, and clinical services to underserved populations in New Brunswick and Middlesex County.

Oral Care at Rutgers School Of Dental Medicine

The Rutgers School of Dental Medicine provides oral health services while training the next generation of dentists. Care is provided by dental students working under the direction of faculty members who are fully licensed dentists. The clinics in Newark offer free screenings, preventive treatment, and oral health education to local children.

Rutgers Health Service Corps

Rutgers Health Service Corps (RHSC) aims to bring together a cadre of students, faculty, staff, and community members working to improve population and public health across Rutgers' communities through education, innovation, and service. It is the post-pandemic evolution of the Rutgers VAX Corps, which provided COVID-19 vaccinations to university and community members. Building on that

success, RHSC aims to provide members with unique training and service opportunities that promote health, wellness, and equity.

Professional Education and Prevention Programs

Center for Healthy Families and Cultural Diversity

The Center for Healthy Families and Cultural Diversity focuses on leadership, advocacy, and excellence in promoting culturally responsive, quality health care for diverse populations. The center meets its objectives by offering education and training, technical assistance and consultation, as well as research and evaluation.
