Date: March 8, 2023
Subject: New Resource Guide: Addressing Bias on Campus

The Office of the Secretary of Higher Education (OSHE) and New Jersey’s Division on Civil Rights (DCR) is pleased to announce the release of “Addressing Bias on Campus” resource guide. The resource guide, which OSHE developed in partnership with DCR, emerges from recommendations of the New Jersey Youth Bias Task Force and includes bias response materials applicable to the entire campus community.

The three-pronged approach within the guide—preventing, intervening in, and responding to bias—allows for a more comprehensive discussion on addressing bias that includes not just the parties directly involved but the broader community of students, faculty, and staff.
