

To: Presidents/Chancellors and Chief Student Affairs Officers
From: Dr. Stefani Thachik, Senior Advisor
Date: July 24, 2024
Subject: FINAL REMINDER: Register Institution this Friday, July 26th for Upcoming Complete College America Statewide Convening

Institution registration is due by this Friday, July 26th for the upcoming New Jersey Complete College America Convening.

The New Jersey Office of the Secretary of Higher Education (OSHE) is hosting a statewide convening focused on student success in collaboration with Complete College America (CCA) on **Thursday, August 22, 2024** at Rowan University.

Each institution may submit one registration form with all of their designated participants. All public and independent not-for-profit institutions may register up to three representatives for the convening, and all other NJ institutions of higher education may register up to two representatives. The registration link was sent out on Thursday, May 30th to institution presidents, chancellors, and student affairs officers with the subject heading “*Invitation and Institution Registration for New Jersey’s Complete College America Statewide Convening.*”

Event participants will hear from state and national experts on trends, engage in conversations around the future of higher education, and network with colleagues from across the State on student success topics. The convening will include presentations from OSHE, CCA and IHEP (Institute for Higher Education Policy), as well as remarks from Secretary Brian Bridges. Final agenda and logistics will be shared with registrants shortly after the registration deadline.

We highly encourage institutions to utilize all their allocated spots for the convening as there will be guided discussions to brainstorm and strategize. The event is recommended for leaders within student affairs or academic affairs divisions.

If your institution has questions about the convening or regarding the registration form, including any modifications, please contact Stefani Thachik, Senior Advisor (Stefani.Thachik@oshe.nj.gov).
