# Frequently Asked Questions

## **Who can open an ABLE account?**

Eligible individuals can open the account for themselves, or an authorized individual can open an account on their behalf.

## **Who qualifies as an ‘authorized representative’?**

This can be a person appointed as a Power of Attorney or someone appointed by the court to have financial authority to transact on behalf of the individual.

## **Do I have to prove that withdrawals are for qualified disability expenses?**

Not at the time of the withdrawal. Annually, NJ ABLER will report the total amount of your withdrawals to the IRS and the date and amount of each of your withdrawals to the Social Security Administration. In the event that either entity wants to verify the expenses, it's recommended that you keep detailed records.

# Frequently Asked Questions

## **Can I have more than one NJ ABLE account?**

No. You're limited to one ABLE account, except in the case of a rollover from another qualified ABLE program. This extends beyond NJ ABLE to include accounts in other ABLE programs.

In the case of a rollover to an ABLE account for the same account owner, the account from which the funds are withdrawn must be closed within 60 days of the withdrawal.

## **Can friends and family make contributions into my account?**

Absolutely! Anyone can contribute directly to your NJ ABLE account. No matter who contributes, you, the account owner or authorized individual, retain control over the account.

## **How often can I change my investments?**

Twice per calendar year. You can change your investment options for any NEW contributions at any time.

# Frequently Asked Questions

## **Will my ABLÉ savings affect my HUD housing subsidy?**

Per the mandate of the ABLÉ Act, for the purpose of determining eligibility and continued occupancy, the U.S. Department of Housing and Urban Development (HUD) will disregard amounts in the designated beneficiary's/individual's ABLÉ account.

# ABLE Stories

## Parent of ABLE Account Owner

Lauren is her son's strongest advocate. It is her number one job. That is why she opened an ABLE account in February 2017 for Steven, who has Trisomy 9 Mosaic, a rare chromosomal disorder. Funds in Steven's account will be used to save for his future and to replace the family's aging van with a wheelchair accessible one.

*"As a parent, ABLE has given me peace of mind in knowing I can set my son up financially for his current and future needs, without risking benefits. Creating an ABLE account is not time consuming, and very easy to do from the comfort of your own home. You really have nothing to lose and everything to gain. Even small contributions over time can have a significant impact on quality of life!" – Lauren*

# ABLE Account Owner

Katy is 28, works full time and has Medicaid through the NJ WorkAbility Program. She has cerebral palsy and is using her ABLE account to save for disability related equipment and to build her dream HGTV quality accessible home.

*“The process of getting an ABLE account is pretty painless. It seems counterintuitive to everything we have been told. I’m a living, breathing example that this does not count against you. I’m getting the same services as before. It doesn’t count against you and, unlike a trust, it isn’t expensive.”*

*– Katy*

# ABLE Account Owner

Edward is 31 and ABLE-eligible due to a spinal cord injury from a hit and run car accident when he was 17 years old. He has an MBA and is working two part-time jobs. He's using his ABLE account to save up for vehicle modifications and to *finally* move out of his parents house and into his own accessible housing.

*“ABLE has allowed me to start saving without penalizing or jeopardizing my benefits. My parents worry what will happen to me when they are no longer able to help or they have died. ABLE gives them some peace of mind about my future. Plus, unlike a special needs trust that must be controlled by a trustee or trustees, ABLE gives me - a person with a disability - control over my finances and increased independence.” – Edward*
