NJ FamilyCare Perinatal Episode Pilot website:

<https://www.state.nj.us/humanservices/dmahs/info/perinatalepisode.html>

NJ FamilyCare Perinatal Episode Pilot email:

mahs.maternityepisode@dhs.nj.gov

Performance Period 2 runs from July 1, 2023 to June 30, 2024.

Important: For our members! The pilot is a voluntary program for NJ FamilyCare providers, so not all obstetrical providers of maternity care may participate and be listed here. If your provider chooses to participate in this pilot program, it does not in any way restrict your rights or ability to access care as a Medicaid or CHIP member. You can choose *any* NJ FamilyCare provider for your obstetrical care, including a provider who has not chosen to participate in this pilot.

If your provider is on this list, they have made a commitment to drive improvements in the quality of the maternity care you receive. Your provider will receive information about the care you and their other NJ FamilyCare patients have received during the perinatal period, which is intended to make them aware of the quality of care they are providing, and identify opportunities for improvement in the care you receive.
