MESSAGE TO PUBLIC USERS CONCERNING APRIL 2020 ENROLLMENT

Please note that the April and May 2020 enrollment reports are significantly affected by NJ FamilyCare's response to the COVID-19 public health emergency, and related changes in federal requirements. The federal Families First Coronavirus Response Act (enacted March 18th) provides states with additional federal Medicaid matching funds for the duration of the public health emergency. As a condition of receiving this additional funding, states must adhere to certain requirements. These include that states must not terminate beneficiaries' Medicaid eligibility from the effective date of the legislation through the duration of the crisis, except in certain limited circumstances. This has affected the April and May enrollment reports in two significant ways:

1. Many beneficiaries who, under ordinary federal rules, may have lost eligibility for NJ FamilyCare due to issues such as non-response to redetermination requests or changes in income have instead maintained coverage. This is reflected in the enrollment totals in the April and May reports, and accounts for most of the net NJ FamilyCare enrollment growth since the March 2020 report.
2. Complying with the new federal rules required the state to undertake various technical and systems changes, which delayed the production of the April enrollment report. As a result, six weeks of new eligibility data (from March 21st to May 1st) are incorporated in the April report, relative to the March report. By contrast, the May enrollment report reflects only three weeks of new eligibility data (from May 2nd to May 22nd) relative to the April report. As such, any comparative analyses either between May and April, or between May or April and previous months, should be undertaken with caution, as these reports reflect non-standard windows of time.

NJ FamilyCare* Enrollment Summary - April 2020			
Eligibility Category	Age < 21	Age > 20	Total
Aged	0	98,129	98,129
Blind	39	761	800
Disabled	29,152	176,139	205,291
Non-ABD Children	788,135	0	788,135
Non-ABD Adults	22,237	610,530	632,767
Total	839,563	885,559	1,725,122

* - NJ FamilyCare includes all individuals receiving public medical assistance through the Division of Medical Assistance and Health Services and includes those eligible for federal reimbursement through the Medicaid program and Children's Health Insurance Program established in the federal Social Security Act and those eligible for other public medical assistance programs established through various state laws.
