Proportion of Year End NJ State Hospital Census on CEPP Status: SFY 2006 - 2014 (Excluding Ann Klein Forensic Center)

Supportive Housing (SH) Beds for *CEPP* Consumers in the State Hospital: Targets vs. Beds Actually Created, SFY 2006 - 2014

Supportive Housing (SH) Beds for *At-Risk Populations*: Targets vs. Beds Actually Created, SFY 2006 - 2014

Office of Olmstead, Compliance, Prevention, Planning, and Evaluation

- In order to maximize the Division's progress under the Olmstead initiative, DMHAS has created The Office of Olmstead, Compliance, Prevention, Planning and Evaluation. This new office will allow for optimal collaboration across all Olmstead-related roles and functions, and encompass the following (previously separated) units:
 - Olmstead
 - Compliance
 - Quality Management
 - Unusual Incident Reporting (Mental Health – Hospital and Community)
 - Patient Services Compliance Unit (PSCU)
 - Consumer Affairs
 - Self-Help Centers
 - Prevention and Early Intervention Services
 - Screening, Brief Intervention and Referral to Treatment
 - Addiction Contract Monitoring
 - Addiction Recovery Centers

Next Steps for NJ DMHAS

In furthering its community integration efforts, DMHAS has begun examining systemic issues that may serve as barriers to timely discharges from state psychiatric hospitals. Some of the main barriers include:

- Provider and state hospital communication gaps
- Preparation for community living
- Improved discharge processes for individuals with a dual diagnosis of developmental disability and mental illness
- Medication management for consumers with diabetes
- Pre-Admission Assessment and Resident Review (PASRR) Process
- Documentation and access to entitlements and supports
