Help Reverse An Opioid Overdose

CLASSES ARE HELD BOTH IN-PERSON AND VIA ZOOM

The Opioid Overdose Prevention Program provides individuals at-risk for overdose, their family members, friends, loved ones, and professionals with naloxone kits, education, and training on how to prevent, recognize and respond appropriately to an opioid overdose. The Opioid Overdose Prevention Program covers the seven northern counties of New Jersey: Morris, Essex, Passaic, Warren, Sussex, Hudson, and Bergen.
