TO PROVIDE FUNDING FOR AGENCIES TO PURCHASE TELEHEALTH EQUIPMENT TO SERVICE OUD CONSUMERS IN
THE COMMUNITY

I. Purpose and Intent

This Request for Proposal (RFP) is funded through the Substance Abuse and Mental Health Services Administration's (SAMHSA) State Opioid Response (SOR) Grant. The SOR grant period is September 30, 2018 to September 29, 2020. The contract awarded as a result of this RFP is for one-time funding from award through September 29, 2020. The Division of Mental Health and Addiction Services (DMHAS) anticipates making twenty-five (25) awards of \$15,000 each to substance use disorder (SUD) licensed agencies. Each successful bidder is required to provide matching funds in the amount of \$10,000 (minimum) to support the purchase of telehealth equipment to be used for individuals in the community needing services for opioid use disorder treatment, physical health referrals, medication access, and other linkages. Total available funding for this RFP is \$375,000 in one-time funding, subject to federal appropriations.

II. Background and Population to be Served

SAMHSA's, Center for Substance Abuse Treatment (CSAT) and Center for Substance Abuse Prevention (CSAP) announced the opportunity for states and territories to apply for SOR funding on June 14, 2018. Funding was made available for grants to states and territories via a formula. The goals of New Jersey SOR are to address the opioid crisis by increasing access to treatment, reducing unmet treatment need, and reducing opioid overdose related deaths through the provision of prevention, treatment and recovery activities for OUD.

The Office for the Advancement of Telehealth (OAT)¹ promotes the use of telehealth technologies for health care delivery, education, and health information services. Telehealth is especially critical in rural and other remote areas that lack sufficient health care services, including specialty care.

Telehealth is defined as the use of electronic information and telecommunication technologies to support long-distance clinical health care, patient and professional health-related education, public health, and health administration. Technologies include video conferencing, the internet, store-and-forward imaging, streaming media, and terrestrial and wireless communications.² Telehealth can increase access to addiction treatment services by removing the barrier of geography and stigma.³

TO PROVIDE FUNDING FOR AGENCIES TO PURCHASE TELEHEALTH EQUIPMENT TO SERVICE OUD CONSUMERS IN THE COMMUNITY

The range and use of telehealth services have expanded over the past decades, along with the role of technology in improving and coordinating care. Traditional models of telehealth involve care delivered to a patient at an originating (or hub) site from a specialist working at a distant (or spoke) site. A telehealth network consists of a series of originating sites receiving services from a collaborating distant site.

III. Written Intent to Apply and Contract for Further Information

Bidders must email RFP.Submissions@dhs.nj.gov by no later than February 7, 2020 indicating their agency's intent to submit a proposal. Submitting a notice of intent to apply does not obligate an agency to apply. Failure to submit an intent to apply does not disqualify an agency from applying for this funding opportunity.

Any questions regarding this RFP should be directed via email to RFP.Submissions@dhs.nj.gov no later than February 12, 2020. All questions and responses will be compiled and emailed to all those who provided a notice of intent to apply. Bidders are guided to rely upon the information in this RFP and the responses to questions that were submitted by email to develop their proposals. Specific guidance, however, will not be provided to individual applicants at any time.

The following summarizes the RFP schedule:

1/29/20	Notice of Funding Availability
2/7/20	Written Intent to Apply
3/6/20	Deadline for receipt of proposals: no later than 4:00 p.m.
4/7/20	Preliminary award announcement
4/14/20	Appeal deadline
4/21/20	Final award announcement
6/1/20	Anticipated award start date

IV. Who Can Apply?

To be eligible for consideration, bidders must meet the following requirements:

- The bidder must be a non-profit or for-profit entity or governmental entity;
- The bidder must be licensed by the Department of Health (DOH), Office of Certificate of Need and Licensing (CN&L) to provide SUD services at the time of proposal submission.
- For a bidder that has a contract with DMHAS in place when this RFP is issued, that bidder must have all outstanding Plans of Correction (PoC) for deficiencies submitted to DMHAS for approval prior to submission;
- The bidder must be fiscally viable based upon an assessment of the bidder's audited financial statements. If a bidder is determined, in DMHAS' sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award;

TO PROVIDE FUNDING FOR AGENCIES TO PURCHASE TELEHEALTH EQUIPMENT TO SERVICE OUD CONSUMERS IN THE COMMUNITY

- The bidder must not appear on the State of New Jersey Consolidated Debarment Report at <https://www.state.nj.us/treasury/revenue/debarment/debarsearch.shtml> or be suspended or debarred by any other State or Federal entity from receiving funds.

- Pursuant to N.J.S.A. 52:32-44, a for-profit bidder and each proposed subcontractor must have a valid Business Registration Certificate on file with the Division of Revenue, i.e., this statutory requirement does not apply to nonprofit organizations, private colleges and universities, or state and municipal agencies.

V. Contract Scope of Work

No capital funding is available through the DMHAS for this initiative.

DMHAS is soliciting proposals from licensed community partners who are able to use telehealth technology to expand, support and provide access to OUD treatment services to individuals who otherwise have difficulty getting these services. Types of services can be referral and access to OUD treatment, physical health referrals, medication access and referrals to care management and other services. Telehealth can be used across the continuum of care to deliver and enhance behavioral health services.

Telehealth includes the use of information and communication technology, including the use of electronic health records (EHRs), streaming media and video conferencing to exchange health information and provide health services, purchasing of applications for encryption and compliance with HIPPA and 42 CFR. These services will assist consumers in seeking and connecting with behavioral health and/or physical health needs.

Each successful bidder is required to provide matching funds in the amount of \$10,000 (minimum) to support the purchase and use of telehealth equipment to be used for individuals with an OUD in the community needing this service.

Equipment must be procured and operational immediately, but no later than three (3) months after contract award.

Reports will be submitted quarterly for a period of two years to DMHAS that provide data on: number of total individuals served, types of services provided, such as evaluations, medications, number of unique individuals served, average time spent on encounter and number of encounters.

TO PROVIDE FUNDING FOR AGENCIES TO PURCHASE TELEHEALTH EQUIPMENT TO SERVICE OUD CONSUMERS IN THE COMMUNITY

Successful bidders must adhere to all applicable State and Federal cost principles. Budgets should be reasonable and reflect the scope of work in order to accomplish the goals of this project.

VI. General Contracting Information

Bidders must currently meet or be able to meet the terms and conditions of the Department of Human Services (DHS) contracting rules and regulations as set forth in the Standard Language Document (SLD), the Contract Reimbursement Manual (CRM), and the Contract Policy and Information Manual (CPIM). These documents are available on the DHS website at:

<http://www.state.nj.us/humanservices/olra/ocpm/resources/manuals/>

Bidders are required to comply with the Affirmative Action Requirements of Public Law 1975, c. 124 (N.J.A.C. 17:27) and the requirements of the Americans with Disabilities Act of 1991 (P.L. 101-336).

Budgets should be reasonable and reflect the scope of Telehealth technology that the agency anticipates providing and should reflect the broader goals in order to accomplish this project.

All bidders will be notified in writing of the State's intent to award a contract. All proposals are considered public information and will be made available for a defined period after announcement of the contract award and prior to final award, as well as through the State Open Public Records Act process at the conclusion of the RFP process.

The contracts awarded as a result of this RFP are a one-time funding from award that must be expended by September 29, 2020. Funds may only be used to purchase telehealth products that are specific to this award; hence, this funding may not be used to supplant or duplicate existing funding streams.

Contract commitments will be negotiated based upon representations made in response to the RFP. Failure to deliver commitments may result in termination of the contract.

In accordance with DHS Policy P1.12 available on the web at <http://www.state.nj.us/humanservices/olra/ocpm/resources/manuals/>, programs awarded pursuant to this RFP will be separately clustered until the DMHAS determines, in its sole discretion, that the program is stable in terms of service provision, expenditures, and applicable revenue generation.

The bidder may mail or hand-deliver its proposal, however, DMHAS is not responsible for items mailed but not received by the due date. Note that U.S. Postal Service two-day priority mail delivery to the post office box listed above may result in the bidder's proposal not arriving timely and, therefore, being deemed ineligible for RFP evaluation. The bidder will not be notified that its proposal has been received. The State will not accept facsimile transmission of proposals.

In addition to the required hard copies, the bidder must also submit its proposal (including budget, budget notes, and appendices) electronically by the deadline using a file transfer protocol site. Username and password are case sensitive and must be typed exactly as shown below. Once logged in, the upload button is on the upper left side. Upload the proposal and budget files separately, including the bidder's name in both file names. Click on the green check mark in order to submit the files. Once the upload is complete, click the red logout button at the top right of the screen.

IX. Review of Proposals

There will be a review process for all responsive proposals. DMHAS will convene a review committee of public employees to conduct a review of each proposal accepted for review.

The bidder must obtain a minimum score of 70 points out of 100 points for the proposal narrative and budget sections in order to be considered eligible for funding.

DMHAS will award up to 20 points for fiscal viability, using a standardized scoring rubric based on the audit, which will be added to the average score given to the proposal from the review committee. Thus, the maximum points any proposal can receive is 120 points which includes the combined score from the proposal narrative and budget as well as fiscal viability.

In addition, if a bidder is determined, in DMHAS' sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award.

Contract award recommendations will be based on such factors as the proposal scope, quality and appropriateness, bidder history and experience, as well as budget reasonableness. The review committee will look for evidence of cultural competence in each section of the narrative. The review committee may choose to visit a bidder's existing program(s), invite a bidder for interview, and/or review any programmatic or

fiscal documents in the possession of DMHAS. The bidder is advised that the contract award may be conditional upon final contract and budget negotiation.

DMHAS reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. DMHAS' best interests in this context include, but are not limited to, loss of funding, inability of the bidder(s) to provide adequate services, an indication of misrepresentation of information and/or non-compliance with State and federal laws and regulations, existing DHS contracts, and procedures set forth in DHS Policy Circular P1.04

<http://www.state.nj.us/humanservices/olra/ocpm/resources/manuals/>

DMHAS will notify all bidders of contract awards, contingent upon the satisfactory final negotiation of a contract, by April 7, 2020.

All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.

- Will give the New Jersey Department of Human Services, or its authorized representatives, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with Generally Accepted Accounting Principles (GAAP). Will give proper notice to the independent auditor that DHS will rely upon the fiscal year end audit report to demonstrate compliance with the terms of the contract.
