I. Purpose and Intent

This Request for Proposals (RFP) is issued by the New Jersey Department Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) to develop Community Peer Recovery Centers (CPRC). The CPRC is a place where individuals can access peer support, information about substance use disorder (SUD) treatment, recovery support services and information about other community resources in a supportive substance free environment. The Opioid Recovery and Remediation Advisory Council created via Executive Order No. 305 and then codified into state law (P.L. 2023, c. 25) recommended the following proposal for funding through the State's portion of Opioid Recovery and Remediation Funds, subsequently approved by the Governor's Office.

This RFP is funded with settlement payments from major nationwide litigation and settlements that involve the opioid industry and the Substance Abuse and Mental Health Services Administration's (SAMHSA) State Opioid Response (SOR) Grant funding. The current SOR grant funding period is through September 29, 2024. A new funding cycle of the SOR grant may be available depending on federal appropriations. Total annualized funding is \$7,875,000 subject to New Jersey's Opioid Settlement State and SOR grant federal appropriations. DMHAS anticipates making up to twenty-one (21) awards for each county in the amount of \$375,000, one award for each of New Jersey's 21 counties. The contract may be renewable for up to two (2) additional one-year terms at DMHAS' sole discretion with the agreement of the successful bidder.

Successful bidders will provide peer-to-peer recovery support services that are responsive to community needs. All activities and services are led and driven by "peers" (i.e., individuals who have experienced addiction and recovery, either directly or indirectly as a family member or friend). The overall goal of the CPRC is to provide a safe place for individuals in all phases of recovery to gather in support of one another, share experiences, discuss coping skills, and offer each other hope in a community setting. It is the ideal place for those in recovery to receive peer-to-peer support and attain guidance in a number of life-skill areas. The CPRC will offer social support and give those in recovery a place where they feel that they belong. CPRC will be a place where those in recovery can have the opportunity to give back to their community thereby fostering a sense of empowerment and independence.

The successful bidder shall ensure that the services provided ensure diversity, inclusion, equity, and cultural and linguistic competence to the target population. Services should ensure reach within underserved communities, including diverse racial and ethnic groups, LGBTQIA+ communities, and/or historically marginalized, transient, or harder to reach communities, or regions of the state. The successful bidder shall continually assess and utilize demographic data of participants' service area in its development and delivery of programming, evaluation, and program outcomes to ensure it is relevant to the population served. Additionally, the successful bidder shall analyze data to implement strategies to increase program participation.

Bidders applying for more than one (1) county must submit separate proposals for each county.

No funding match is required; however, bidders shall identify any other sources of funding, both in-kind and monetary, that shall be used on their proposal budget. Bidders may not fund any costs incurred for the planning or preparing a proposal in response to this RFP from current DHS/DMHAS contracts.

The following summarizes the **anticipated** RFP schedule:

Bidders are responsible for monitoring the DHS website¹ for updates to the RFP schedule.

II. Background and Population to be Served

The Opioid Recovery and Remediation Advisory Council in its commitment to combat the opioid crisis recommended funding through the State's portion of the opioid settlement funds address Prevention and Recovery Supports by creating enhanced CPRCs. Currently, in New Jersey there are two state-funded Recovery Centers, one located in the Northern Region and one in the Southern Region. RFPs were issued in 2019 for three CPRCs, 2020 for seven CPRCs, and 2022 for the remaining eleven (11) counties. It is anticipated that this funding will lead to the development of CPRCs to ensure adequate staffing, facility costs, outreach activities, participant assistance, robust social/recreation and mutual aid offerings at each center.

Substance use and misuse continues to be a serious condition that has an impact on the individual, their family members, school, work relationships, etc. Opioid use has become a pervasive problem throughout New Jersey across all racial, ethnic, age, and socio-economic demographics. Additionally, the use of multiple substances whether intentional or unintentional continues to be an area of concern. According to the 2019 Treatment Episode Data Set, NJ was third in the nation for primary heroin admissions for persons aged 12 and older (n=41,625) and fifth in the nation for other opiates (n=5,781). The rate of admissions per 100,000 population aged 12 and older was 546 for heroin and 76 for non-heroin opiates/synthetics. The New Jersey 2022 Substance Abuse Overview indicated that heroin and other opiates were the primary drugs at

¹ <https://www.nj.gov/humanservices/providers/grants/rfp/rfprfi/>

admission in 44% of treatment admissions, with 36% due to heroin and 8% for other opiates.

Improving the lives of individuals struggling with opioid use disorder by addressing the Social Determinants of Health is critical to achieving a healthy recovery. Improvements in the domains of safe and stable housing, transportation, access to healthy food, education and economic well-being, can enhance recovery outcomes

As the number of individuals seeking treatment, the need increases for peer run services and recovery-based centers that offers individuals a supportive, environment where they can engage and get involved with the recovery community and have access to resources within the community that increase personal, social and community recovery capital.

New Jersey's CPRCs provided peer support services to 12,885 unduplicated individuals during the Federal reporting year from October 1, 2022 through September 30, 2023. Many of the 12,885 unduplicated individuals took advantage of the wide range of services that the 21 CPRC's offered, which equated to 38,959 duplicated individuals being served during this funding period.

The CPRCs are among the most accessible resources in New Jersey, that are rooted in empowering people in recovery to be agents of change in the communities that they serve. The CPRCs serve as vital local hubs for the recovery community providing peer coaching, mutual support meetings, telephone recovery, social events and activities, wellness activities, and linkages to all supportive services needed by the recoveree such as co-occurring behavioral health treatment, medication assisted treatment, and harm reduction.

IV. Contract Scope of Work

The purpose of the CPRC is to provide an environment where individuals can access peer support, information about SUD treatment, recovery support services, and information about other community resources in a supportive substance free environment. No individual shall be denied full access to, participation in and enjoyment of CPRC services or activities, available or offered to others, due to the use of legitimately prescribed medications.

The CPRC will offer a warm and welcoming environment, that is a safe and sober space that allows individuals from all recovery backgrounds to come together to receive peer-to-peer support and be offered training, social, educational and recreational opportunities. Programming may include classes focused on wellness, nutrition and illness management, self-care, stress management, financial management, literacy education, job and parenting skills. Housing assistance such as finding sober living homes, apartments and roommates may also be provided as well as telephone support.

While all individuals can benefit from peer recovery support services, those individuals who did not complete treatment may find the CPRC beneficial and a gateway to treatment and/or sustained recovery. There is a group of individuals of unknown size who have never accessed formal treatment who could also benefit from recovery services. The CPRC and their system partners will work together to identify and combat barriers that may impede the target population from seeking and accessing services. Obstacles to services may include misinformation and lack of knowledge regarding the target populations' race, ethnicity, sexual orientation, substance use, socioeconomic status, generational considerations, and language, etc.

It is anticipated that the funding for the CPRC will expand the continuum of care to include an array of services that support individuals in their recovery from substance use and misuse. In summary, this funding will:

- Strengthen the linkage between treatment and recovery;

- Increase support for personal, social, and community recovery capital and sustained recovery within the community;
- Support individuals in their recovery and provide them with a sense of hope;
- Offer resources to individuals seeking information on SUD and behavioral treatment. Resources include accessing treatment information through NJ Connect, private insurance, DMHAS Interim Managing Entity (IME) Addictions Access Center, Family Support Centers, Support Team for Addiction Recovery, Medication for Opioid Use Disorder (MOUD) and Medication for Alcohol Use Disorder options, etc.;
- Help prevent recurrence of substance use;
- Inform individuals about the benefits of Naloxone, Naloxone training and where free Naloxone kits can be obtained;
- Provide recovery resources;
- Provide a trauma informed community where individuals can achieve a full and satisfying life free of trauma and its consequences;
- Help individuals in recovery to plan, create, invent, and make positive changes in their lives;
- Improve life skills;
- Provide a center for community-based leadership to grow and develop; and
- Lead to improved outcomes such as:
 - Abstinence from substances;
 - Increased employment;
 - Increased enrollment education/vocational training;
 - Increased social connectedness; and
 - Reduced involvement in the criminal justice system.

It is expected that service delivery should begin as soon as possible and no later than three (3) months after contract award.

Successful bidders will provide services that include the following:

- Enhancing existing services to fulfill SAMHSA's Recovery Oriented System of Care principles; and
- Encompassing the following Core Values:
 - Keeping Recovery First;
 - Participatory Process;
 - Authenticity of Peers Helping Peers;
 - Leadership Development; and
 - Cultural Diversity and Inclusion.

The CPRC will include evidence of their commitment to equity and reduction of disparities in access, quality, and treatment/program outcomes of marginalized populations. This includes a diversity, inclusion, equity, cultural/linguistic competence plan as outlined in the National CLAS standards. The plan should include information

about the following domains: workforce diversity (data informed recruitment), workforce inclusion, reducing disparities in access quality, and outcomes in the target population, and soliciting input for diverse community stakeholders and organizations. Additionally, the successful bidder should describe how it shall use available demographic data from agency and target population service area (race/ethnicity/gender/sexual/orientation/language) to shape decisions pertaining to services, agency policies, recruitment, and hiring of full, part-time, and volunteer staff.

Providers and their system partners shall work together to identify and combat barriers that may impede the target population from seeking and accessing services. Obstacles to services may include misinformation and lack of knowledge regarding the target populations' race, ethnicity, sexual orientation, substance use, socioeconomic status, generational considerations, and language, etc.

The successful bidder shall:

- Collaborate with system partners to ensure coordination, equity, and inclusion of care
- Deliver services in a culturally competent manner that exemplify National CLAS Standards
- Ensure services meet the language access needs of individuals served by this project (e.g., limited English proficiency, Deaf/ASL, Braille, limited reading skills).
- Coordinate and lead efforts to reduce disparities in access, quality, and program outcomes

Bidders must provide a plan for sustainability that details how the proposed project approach will create project self-sufficiency in order to be considered for funding. This is to help ensure that the impact of the project will continue after State assistance has ended. The bidder may include information on plans to secure additional financial resources in their proposal.

Budget:

The total funding for each CPRC is approximately \$375,000 to underwrite the services. Eligible expenses unique to the operation of the CPRC:

- Staff;
- Office/program space;
- Supplies; and
- Equipment, including a vehicle, a lap-top computer, and cell phones.

Staffing:

Lead Agency Staffing Requirements:

The successful bidders will describe their efforts to ensure workforce diversity and inclusion in the recruiting, hiring, and retention of staff and volunteers who are from or have had experience working with peers and other identified individuals served in this initiative. Additionally, the successful bidders will ensure that there is a training strategy related to diversity, inclusion, cultural competence, and the reduction of disparities in access, quality, and treatment outcomes for the target population. The trainings will include education about implicit bias, diversity, recruitment, creating inclusive work environments, and providing language access services.

This individual must have two years' experience in the guiding principles of recovery that assist individuals to improve their health and wellness, live a self-directed life, and reach their full potential. This coordinator is responsible for planning, implementing and supervising the events, activities and services that support the mission of the CPRC. For example, planning special events such as Wellness Day or a Recovery Month Event would be an activity that falls under the Senior Peer Services Coordinator's responsibilities. This individual should also have strong fund-raising experience as well as some management experience. Additionally, the Senior Peer Services Coordinator will ensure the:
 - Communication and collaboration with system partners to ensure coordination, equity, and inclusion of care.

Recovery peer staff who provide co-occurring peer services can receive the mental health peer certification in addition to the substance use peer certification with appropriate supervision.

Location:

The CPRC will have a prominent, visible location in the county, whose sole purpose is to promote and increase recovery. It will be easily accessible to those without personal transportation. Satellite Sites and Pop-Up sites can be used in addition to reach individuals in different sections of the county to ensure all within the county have access to peer recovery support services. The facility must be compliant with New Jersey laws requiring a smoke-free environment and American with Disabilities compliant.

Hours of Operation:

The CPRC will be open 6 to 7 days per week and have evening capacity. This funding is intended to fund operating hours and overall capacity of the CPRC to ensure adequate staffing, facility costs, outreach activities, and robust social/recreational and mutual aid offerings at each CPRC. It should be open at least 45 hours per week. Thus, the schedule may be flexible; it may be open from 10 a.m. to 2 p.m., close for a few

hours, then reopen from 5 p.m. to 9 p.m. This example is for illustrative purposes only. The CPRC will ensure flexibility in hours of operation that complement the needs of the individuals to be served.

Program Design:

CPRC expands the recovery continuum through peer-to-peer recovery support services to prevent recurrence of substance use and promote sustained personal, social and community recovery capital. It is the expectation that the CPRC be volunteer-driven, member-inspired and premised on peer support. The program efforts will be overseen by the paid staff but influenced by the local recovery community.

The CPRC will be inclusive to various groups, treatment protocols, self-help affiliations, or lack thereof. It will also be sensitive to differences related to age, culture, religion/spirituality, language, gender, race/ethnicity, disabilities, mental health issues and sexual orientation. It will recognize that there are many pathways to recovery and will not discriminate against those who choose Medication for Opioid Use, Alcohol Use Disorders, as well as other Behavioral Health Disorders. It is the expectation that the CPRC must be inclusive of a variety of self-help groups and offer itself as a resource to a broad range of addictions self-help communities.

The CPRC organization structure should create an advisory Recovery Center Board that is comprised with a percentage of representatives from the local recovery community. All program efforts shall be overseen by the paid staff and are influenced by the Recovery Center Board and the local recovery community. Additionally, recovery support services and/or activities may be provided such as:

- Social events and/or recreational activities
- Wellness classes
- Recovery coaching
- Recovery Capital Education and Assessments
- Telephone support
- Illness management
- SUD literacy
- Smoking cessation
- Harm Reduction
- Relaxation and meditation
- Nutrition
- Creative Arts
- Other classes such as literacy, parenting skills, English as a second language, vocational/education, financial literacy and management, etc.
- Support groups
- Learning circles
- Housing, childcare, language and employment assistance
- Special programs to address special issues and concerns

Cultural appropriateness should be evident at all levels of this proposal. It is important that the CPRC paid and volunteer staff are representative of the diversity of the community that it will serve. The successful bidders will be expected to recruit, retain and train staff from cultural, economic, and linguistic backgrounds that complement the individuals to be served. The successful bidders will be required to provide a staff and volunteer orientation program with applications kept on file.

It is expected that successful bidders will aggressively market the CPRC. They will need to outreach to other recovery support service providers, treatment providers, community leaders, and various support groups in order to increase Community Recovery Capital. Materials will also be available in Spanish or other languages appropriate to the target population. Client recruitment procedures will need to be included in the proposal to this RFP.

Successful bidders must have protocols and procedures linking and assisting families with accessing treatment including MOUD, Medication for Alcohol Use Disorder, other treatment resources such as the IME Addictions Access Center, NJ Connect and/or other support services. Successful bidders must have protocols and procedures in linking families to other services where there may be barriers to accessing treatment, such as transportation.

The successful bidder must have in place established, facility-wide policies that prohibit discrimination against consumers of prevention, treatment and recovery support services who are assisted in their prevention, treatment and/or recovery with legitimately prescribed medication(s). These policies must be in writing, legible and posted in a clearly visible, common location accessible to all who enter the facility.

Moreover, no individual admitted into a treatment facility, or a recipient of or participant in any prevention, treatment or recovery support services, shall be denied full access to, participation in and enjoyment of that program, service or activity, available or offered to others, due to the use of legitimately prescribed medications.

Capacity to accommodate individuals who present or are referred with legitimately prescribed medications can be accomplished either through direct provision of services associated with the provision or dispensing of medications and/or via development of viable networks/referrals/consultants/sub-contracting with those who are licensed and otherwise qualified to provide medications.

Data Collection/Evaluation:

The successful bidders will be required to comply with DMHAS' program evaluation by responding to data requests from DMHAS' evaluator, participating in the data collection system and tools to be developed for this program, facilitating completion of consumer satisfaction questionnaires and any other monitoring and evaluation activities. The successful bidders will document units of service delivered using data collection forms developed by DMHAS. It is expected that clients will experience positive changes in social skills and increase social interaction in a sober setting. Data collection will be in

areas of client substance use, family and living condition, employment status, social connectedness, access to treatment, retention in treatment, criminal justice status, and the effectiveness of activities related to diversity, inclusion, equity, and cultural/linguistic competence. Minimally, data will be collected at baseline, six months and one year after baseline.

In addition, CPRCs will acquire a license to participate in the RDP. Currently 14 existing CPRCs participate in this system. RDP is a cloud-based HIPAA electronic record system designed to capture peer services offered by organizations to individuals impacted by substance use disorders.

It will be important to collect activity information beyond client level information. A data collection system will track the volume of visitors on a weekly basis, the number of different programs offered, program attendance, informational material distributed, outreach attempts to the community, etc. The successful bidders will work with the DMHAS' program evaluation team and other collaborative partners to identify specific program outcomes demonstrating the effectiveness of this service model.

V. General Contracting Information

in its sole discretion, that the program is stable in terms of service provision, expenditures, and applicable revenue generation.

Should the provision of services be delayed through no fault of the successful bidder, funding continuation will be considered on a case-by-case basis dependent upon the circumstances creating the delay. In no case shall the DMHAS continue funding when service commencement commitments are not met, and in no case shall funding be provided for a period of non-service provision in excess of three (3) months. 4. Please provide information about accessibility, safety, access to public transportation, etc.

Budget (20 points)

DMHAS will consider the cost efficiency of the proposed budget as it relates to the scope of work. Therefore, bidders must clearly indicate how this funding shall be used to meet the program goals and/or requirements. In addition to the required Budget forms, bidders are asked to provide budget notes.

The budget should be reasonable and reflect the scope of responsibilities required to accomplish the goals of this project. All costs associated with the completion of the project must be delineated and the budget notes must clearly articulate budget items including a description of miscellaneous expenses and other costs.

1. A detailed budget using the Excel Budget template is required. Bidders must submit pricing using the Excel Budget template accompanying this RFP. Bidders should refer to Instructions for Excel Budget Template (Attachment E) for a clear understanding of how to work within the template file. The Budget template must be uploaded as an Excel file onto the file transfer protocol site as instructed in VIII. Submission of Proposal Requirements. Failure to submit the budget as an Excel file may result in a deduction of points. The standard budget categories for expenses include: A. Personnel, B. Consultants and Professionals, C. Materials and Supplies, D. Facility Costs, E. Specific Assistance to Clients, and F. Other. Supporting schedules for Revenue and General and Administrative Costs Allocation are also required. The budget must include two (2) separate, clearly labeled sections:
 - a. Section 1 – Full annualized operating costs to satisfy the scope of work detailed in the RFP and revenues excluding one-time costs; and
 - b. Section 2 - Proposed one-time costs, if any, which shall be included in the Total Gross Costs.
2. Budget notes detailing and explaining the proposed budget methodology, estimates and assumptions made for expenses and the calculations/computations to support the proposed budget are required. The State's proposal reviewers need to fully understand the bidder's budget projections from the information presented in its proposal. Failure to provide adequate information could result in lower ranking of the proposal. Budget notes, to the extent possible, should be displayed on the Excel template itself.
3. The name and address of each organization – other than third-party payers – providing support and/or money to help fund the program for which the proposal is being submitted.
4. For all proposed personnel, the template should identify the staff position titles and staff names for current staff and total hours per workweek.
5. Identify the number of hours per clinical consultant.
6. Staff fringe benefit expenses, which may be presented as a percentage factor of total salary costs, should be consistent with the bidder's current fringe benefit package.
7. If applicable, General & Administrative (G&A) expenses, otherwise known as indirect or overhead costs, should be included if attributable and allocable to the proposed program. Since administrative costs for existing DMHAS programs reallocated to a new program do not require new DMHAS resources, a bidder that currently contracts with DMHAS should limit its G&A expense projection to “new” G&A only by showing the full amount of G&A as an expense and the off-set savings from other programs' G&A in the revenue section.

8. Written assurance that if the bidder receives an award pursuant to this RFP, it shall pursue all available sources of revenue and support upon award and in future contracts, including agreement to obtain approval as a Medicaid-eligible provider.

VIII. Submission of Proposal Requirements

The narrative portion of the proposal should be no more than 10 pages, be single-spaced with one (1") inch margins, normal character spacing that is not condensed, and not be in smaller than twelve (12) point Arial, Courier New or Times New Roman font. For example, if the bidder's narrative starts on page 3 and ends on page 13 it is 11 pages long, not 10 pages. DMHAS will not consider any information submitted beyond the page limit for RFP evaluation purposes. The budget notes and appendix items do not count towards the narrative page limit.

Proposals must be submitted no later than 4:00 p.m. ET on August 30, 2024. The bidder must submit its proposal (including proposal narrative, budget, budget notes, and appendices) electronically using the DHS secure file transfer protocol (SFTP) site.

Proposals should be submitted in the following three files.

Email requests for login credentials must include the title of this RFP, individual's first name, last name, email address and name of agency/provider.

Proposals must be uploaded to the DHS SFTP site, <https://securexfer.dhs.state.nj.us/login> using your unique login credentials.

B. Confidentiality/Commitment to Defend and Indemnify

Pursuant to the New Jersey Open Public Records Act (OPRA), N.J.S.A. 47:1A-1 et seq., or the common law right to know, proposals can be released to the public in accordance with N.J.A.C. 17:12-1.2(b) and (c).

Bidder should submit a completed and signed Commitment to Defend and Indemnify Form (Attachment G) with the proposal. In the event that Bidder does not submit the Commitment to Defend and Indemnify Form with the proposal, DHS reserves the right to request that the Bidder submit the form after proposal submission.

After the opening of the proposals, all information submitted by a Bidder in response to a Bid Solicitation is considered public information notwithstanding any disclaimers to the contrary submitted by a Bidder. Proprietary, financial, security and confidential information may be exempt from public disclosure by OPRA and/or the common law when the Bidder has a good faith, legal/factual basis for such assertion.

As part of its proposal, a Bidder may request that portions of the proposal be exempt from public disclosure under OPRA and/or the common law. Bidder must provide a detailed statement clearly identifying those sections of the proposal that it claims are exempt from production, and the legal and factual basis that supports said exemption(s) as a matter of law. DHS will not honor any attempts by a Bidder to designate its price sheet, price list/catalog, and/or the entire proposal as proprietary and/or confidential, and/or to claim copyright protection for its entire proposal. If DHS does not agree with a Bidder's designation of proprietary and/or confidential information, DHS will use commercially reasonable efforts to advise the Bidder. Copyright law does not prohibit access to a record which is otherwise available under OPRA.

DHS reserves the right to make the determination as to what to disclose in response to an OPRA request. Any information that DHS determines to be exempt from disclosure under OPRA will be redacted.

In the event of any challenge to the Bidder's assertion of confidentiality that is contrary to the DHS' determination of confidentiality, the Bidder shall be solely responsible for defending its designation, but in doing so, all costs and expenses associated therewith shall be the responsibility of the Bidder. DHS assumes no such responsibility or liability.

In order not to delay consideration of the proposal or DHS' response to a request for documents, DHS requires that Bidder respond to any request regarding confidentiality markings within the timeframe designated in DHS' correspondence regarding confidentiality. If no response is received by the designated date and time, DHS will be permitted to release a copy of the proposal with DHS making the determination regarding what may be proprietary or confidential.

IX. Review of Proposals

There will be a review process for responsive proposals. DMHAS will convene a review committee of public employees to conduct a review of each responsive proposal.

The bidder must obtain a minimum score of 70 points out of 100 points for the proposal narrative and budget sections in order to be considered eligible for funding. In the event no bidder obtains the required minimum scores, DMHAS shall have discretion to award the contract to the highest scoring bidder(s).

DMHAS will award up to 20 points for fiscal viability, using a standardized scoring rubric based on the audit, which will be added to the average score given to the proposal from the review committee. Thus, the maximum points any proposal can receive is 120 points, which includes the review committee's averaged score for the proposal's narrative and budget sections combined with the fiscal viability score.

In addition, if a bidder is determined, in DMHAS' sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award.

Contract award recommendations will be based on such factors as the proposal scope, quality and appropriateness, bidder history and experience, as well as budget reasonableness. The review committee will look for evidence of cultural competence in each section of the narrative. The review committee may choose to visit all bidder finalists to review existing program(s) and/or invite all bidder finalists for interview. The bidder is advised that the contract award may be conditional upon final contract and budget negotiation.

DMHAS reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. DMHAS' best interests in this context include, but are not limited to, loss of funding, inability of the bidder(s) to provide adequate services, an indication of misrepresentation of information and/or non-compliance with State and federal laws and regulations, existing DHS contracts, and procedures set forth in [Policy Circular P1.04](#)¹¹.

DMHAS will notify all bidders of contract awards, contingent upon the satisfactory final negotiation of a contract.

X. Appeal of Award Decisions

Attachment B – Addendum to RFP for Social Service and Training Contracts

STATE OF NEW JERSEY DEPARTMENT OF HUMAN SERVICES

ADDENDUM TO REQUEST FOR PROPOSAL FOR SOCIAL SERVICE AND TRAINING CONTRACTS

Executive Order No. 189 establishes the expected standard of responsibility for all parties that enter into a contract with the State of New Jersey. All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.

If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-- Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 C.F.R. part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-Procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Attachment E - Instructions for Excel Budget Template

The Excel template, posted with the RFP, contains a template spreadsheet. Please open the respective template file tab and read the below guidance at the same time. This will allow for a clear understanding of how to work within the template file.

1. In the turquoise section, you will enter the proposed costs for this RFP. This should include all information from budget categories A-F, G/A, as well as ***your number of consumers to serve***. FTE's in Category A are to be broken down between direct care, administration, and support. FTE's will not appear until three cells are completed: hours worked per employee on contract (column C), hours worked per employee per week (column D), and the amount of salary (column H) respectively. Category B is to be broken down between medical/clinical consultants, and non-medical/clinical consultants.
2. There is also a One-Time budget section at the bottom in the turquoise section for your use. Onetimes are shown separately, but included in Total Gross Costs right after Gross Costs.
3. Please use the ***“Explanatory Budget Notes”*** column to help support anything that you feel needs to be explained in written word for evaluators to understand your intent regarding any cost/volume data populated in your template submission. Please provide notes, as well as, calculations that support any and all offsetting revenue streams. If you double up expenses on one budget line, please provide the individual expense details in the budget notes. Many cells are protected, but you can expand rows to give more room in the notes column should you need it.
6. General and Administrative Costs should be recorded in the template per the instructions in the RFP. That is, only additional G&A associated with this proposal should be included, not your normal G&A rate.
7. Make sure to remember to place your Agency Name and Region or County in the subject line when you send your template in ***Excel*** format.
