Temporary Shelter Bed Housing RFP
Date of Final Award – February 20, 2025**

Name of Program: Case Management Services for Adult Individuals with Substance Use Disorder in Temporary Shelter Bed Housing

Purpose:

This Request for Proposal (RFP) was issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS), to provide case management services for adult individuals with a substance use disorder (SUD) placed in temporary shelter housing and in need of long-term housing. The primary objective of this initiative is for successful bidder agencies to provide case management services in their region of award for the adults with an SUD who are being housed in the DMHAS Opioid Settlement-funded temporary shelter beds and are in need of long-term housing placement. Case managers will help connect individuals with services/ resources in their area and entitlements, and assist them in securing permanent housing as quickly as possible. It is anticipated that individuals will obtain permanent housing within four months of initial engagement. Individuals served in this program will have access to DMHAS funded housing subsidies.

Total annualized funding is \$960,000, subject to New Jersey’s Opioid Settlement State appropriations. The total funding for each individual in one shelter bed or placed with a DMHAS subsidy receiving case management is \$12,000 per year, times the number of individuals served annually (80 individuals). In addition, eight one-time awards for the purchase of a vehicle in the amount of up to \$40,000 each will be available per 10 individuals that the bidder will serve. DMHAS made four regional awards covering the following regions in response to the shelter bed assigned locations awarded from the companion RFP “Temporary Shelter Housing Services for Adults Who Use Substances.”

- Northern Region: Hudson, Essex, Bergen, Unions, Morris, Passaic, Sussex and Warren Counties
- Central Region: Hunterdon, Mercer, Somerset, Middlesex, Monmouth and Ocean Counties
