NOTE: A pre-existing condition is a health problem you have before the date a new insurance policy starts. Medigap companies can refuse to cover your costs for services related to your pre-existing health problems for up to 6 months (some companies have a shorter waiting period.) After 6 months (or less), the Medigap policy will cover the costs for the pre-existing condition (3 months if under 65.). Medicare will cover the eligible costs for pre-existing medical conditions during the Medigap waiting period. ***You may be exempt from the pre-existing condition waiting period if you had other creditable health coverage prior to applying for the Medigap. Please contact the company for detailed information.***

****Contact company and ask to speak to a local “field agent”. Policies purchased from local agents may have significant discounts.***
