

A LIFE IS IN YOUR HANDS

Overdoses can happen anywhere to anyone.

Whether it's a stranger with opioid use disorder or a family member who mixed up their prescription medication, the best way to reverse an overdose is by keeping naloxone close.

Get naloxone for FREE and anonymously at participating pharmacies across New Jersey.

- ✓ No prescription needed.
- ✓ No name, ID, or insurance required.
- ✓ Available to anyone 14+.
- ✓ No cost—paid for by the state of New Jersey.

Why naloxone matters:

It can reverse an overdose in minutes with a simple spray.

It's easy to use—you can receive a brief training when you pick it up.

It saves lives and allows time for medical help to arrive.

When someone's life is in your hands, be ready.
Find participating pharmacies and learn more.
