<u>Licensed</u> - Community setting that is licensed by the DHS Office of Licensing (e.g. group homes, supervised apartments, community care residences, etc.)				
<u>Own Home</u> - Community setting that is not licensed by the DHS Office of Licensing.				
<u>Total Positives and Total Deaths</u> – Totals include individuals receiving DDD services in licensed settings, in their own home, and NJ residents in Out of State placements				
Out of State	Out of state placements funded by the Division. Settings are typically not licensed by DHS Office of Licensing. Positive-81, Deaths-2			
Community Dashboard has been revised to more clearly present individuals actively receiving services through DDD for whom reporting of COVID-19 positivity and deaths are required. Data for individuals not under DDD services for whom reporting is voluntary and provided for informational purposes only can be found at the end of this document.				

**DHS compiles community totals using data from incidents that are reported by provider agencies and by the families of individuals who reside in family homes. All information is included in the totals reported by the New Jersey Department of Health. Developmental Center data is not represented in Community tables.*

<u>IDD Individuals Not Under Services</u> – This category includes individuals who do not receive services or case management from DDD. They may be served in locations such as nursing facilities, specialized hospitals or similar settings and are also reported by those facilities to other dashboards. Individuals in the category are not part of the overall Community census. Note - Voluntary reporting of deaths is more common than voluntary reporting of positive cases.
