SUBJECT: MATCH REQUIREMENT FOR FY'85 SOCIAL SERVICES BLOCK GRANT
FUNDING INCREASE

The purpose of this information memorandum is to specify the match requirement for each county's FY'85 Social Services Block Grant Funding increase.

The Department's 25% match requirement is in effect for all counties for the level of funding received in FY'84, the "base" level. For FY '85 only, county Human Services Advisory Councils were given the option to establish either a 10% match rate or a 25% match rate on funding received in FY'85 which is over and above the funding received in FY'84. Attachment 1 to this memorandum is a list showing each county, its Social Services Block Grant increase, and the percentage match requirement the county chose.

All other requirements of Policy Circular P6.01, Match Requirement for Social Services Block Grant Service Contracts must be followed in regard to match, e.g., allowable and unallowable sources, documentation, and responsibilities.
