Substance Use and Mental Health Gambling Disorder Clinician Services Program

TAKE NOTICE that, in compliance with N.J.S.A. 52:14-34.4, 34.5 and 34.6, the Division of Mental Health and Addiction Services (DMHAS) hereby announces the availability of the grant program funds described herein.

Program Name: Substance Use and Mental Health Gambling Disorder Clinician Services Program

Purpose: The New Jersey Division of Mental Health and Addiction Services (DMHAS) announces the availability of funding for Gambling Disorder Clinician Services Programs in both licensed Substance Use Disorder (SUD) and Mental Health (MH) treatment programs. This Request for Proposals (RFP) is issued by the DMHAS to develop gambling disorder services rendered through a Gambling Disorder Clinician to provide treatment and case management for individuals with a primary diagnosis of Gambling Disorder or a dual disorder of gambling and MH issues and/or SUD. Adults with gambling disorder are three times more likely to be depressed, eight times more likely to have bipolar disorder, three times more likely to experience an anxiety disorder and have significantly elevated rates of tachycardia, angina, [and] cirrhosis. Gambling disorder can adversely impact or result in the complete loss of family relationships, employment, and educational pursuits, and that gambling disorder is associated with high utilization of medical services.¹

This RFP is funded through DMHAS. Total annualized funding for this RFP is \$600,000. Funding is available for State Fiscal Year 2023. DMHAS anticipates making five (5) awards up to approximately \$120,000 each to providers licensed as MH and/or SUD treatment providers who are interested in treating individuals with a gambling disorder. Awarded providers will hire, at minimum, one Full Time Equivalent (FTE) Gambling Disorder Clinician and provide treatment and case management services provided by the clinician or additional staffing.

The awards will be chosen regionally and based on need in order to offer statewide gambling disorder services. Gambling services can be added to treatment at the following levels of care: Standard Traditional Outpatient, Intensive Outpatient, Partial Care, and Residential Services. Gambling counseling will be in addition to substance use and/or mental health treatment services required by regulation and contract.
