Opioid Overdose Recovery Program

TAKE NOTICE that, in compliance with N.J.S.A. 52:14-34.4, 34.5 and 34.6, the Division of Mental Health and Addiction Services (DMHAS) hereby announces the availability of the grant program funds described herein.

Program Name: Opioid Overdose Recovery Program

Purpose: This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) to solicit proposals to develop an Opioid Overdose Recovery Program to respond to individuals reversed from opioid overdoses and treated at hospital emergency departments as a result of the reversal. DMHAS will provide annualized funding of \$255,750 to one contractee subject to State appropriations. DMHAS anticipates making one (1) award in either Burlington or Mercer County.

The Opioid Overdose Recovery Program will utilize Recovery Specialists and Patient Navigators to engage individuals reversed from an opioid overdose to provide non-clinical assistance, recovery supports and appropriate referrals for assessment and substance use disorder treatment. The Recovery Specialists and Patient Navigators will also maintain follow-up with these individuals. Recovery services provided for these individuals should be fundamentally strengths-based. Additionally, they should deliver or assertively link individuals to appropriate and culturally-specific services and provide support and resources throughout the process. It is planned that, at minimum, recovery specialists will be accessible and on-call from Thursday evenings through Monday mornings in the specific locations where funding is made available.

Available Funding Amount: A total of up to \$255,750, subject to State appropriation, is expected to be available.
