- (b) To request initial authorization a PMDC administrator shall submit the following to the Division by regular mail:
1. A completed prior authorization request form, which requires provision of information identifying the Medicaid beneficiary, the primary health care provider' report on the Medicaid beneficiary and a statement of the PMDC facility's reasons for requesting approval, which form may be obtained by telephoning the Fiscal Agent at (800) 776-6334; and
 2. A completed report of the Medicaid beneficiary's primary health care provider in the form at chapter Appendix A, incorporated herein by reference.
- (c) Upon receipt of the fully completed documentation required pursuant to (b) above, professional staff designated by the Department shall:
1. Review the submitted documentation;
 2. Schedule a visit with the child's parent at the Medicaid beneficiary's home or at an alternate location at which the Medicaid beneficiary is present;
 3. Conduct an initial functional assessment pursuant to [N.J.A.C. 10:166-3.1](#);
 4. Prepare a written evaluation and make a determination, documented in writing, that the Medicaid beneficiary is either clinically eligible or clinically ineligible to receive PMDC based on the results of the functional assessment; and
 5. If, as a result of the functional assessment, professional staff designated by the Department determine that the Medicaid beneficiary is:
 - i. Clinically eligible for PMDC, the Division shall issue a written notice of authorization to receive PMDC to the Administrator, with a notification to the Medicaid beneficiary's parent and the fiscal agent, which authorization shall be valid for a period not to exceed 180 days from the date of the initial authorization approval; or
 - ii. - (d) Continuation of Medicaid reimbursement for PMDC is contingent upon the Division's reauthorization of PMDC in accordance with the following procedures:

N.J.A.C. 10:166-3.4

1. The administrator shall submit a prior authorization request form to the Division no fewer than 20 business days before the expiration of the authorization for PMDC in effect at the time of request for reauthorization.
2. Upon receipt of the request, the Division shall schedule a visit to the facility during which professional staff designated by the Department shall:
 - i. Review the PMDC beneficiary's medical record and current interdisciplinary plan of care;
 - ii. Observe the PMDC beneficiary;
 - iii. Interview, as appropriate, facility staff providing prescribed therapies to the PMDC beneficiary; and

§ 10:166-4.1 Reimbursement rate

(a) In accordance with P.L. 2016, c. 10, the per diem reimbursement rate for PMDC for fiscal year 2017 is \$ 330.81 (base reimbursement rate), as amended and supplemented by subsequent State appropriations acts.

1. The Department shall rebase the base reimbursement rate every three years using data regarding median allowable costs the Department collects in PMDC facility cost reports and financial statements.
2. In years during which the Department does not rebase the base reimbursement rate, the Department shall calculate the per diem reimbursement rate payable to all PMDC facilities by multiplying the base reimbursement rate by the inflation adjustment factor.
3. The Department shall develop the inflation adjust factor upon consideration of:
 - i. The average hourly earnings of manufacturing employees in New Jersey as published by the United States Department of Labor, Bureau of Labor Statistics;
 - ii. The Consumer Price Index as published by the United States Department of Labor, Bureau of Labor Statistics; and
 - iii. Other standards imposed by law or regulation governing rate-setting methodology in Medicaid programs.
4. The Department shall publish a notice of revisions to the PMDC base reimbursement rate, per diem reimbursement rate, and/or inflation adjustment factor in the New Jersey Register by no later than February 1 of the fiscal year immediately preceding the fiscal year for which the revision is to be in effect.
5. The requirements of (a)1 through 4 above shall not apply in any State fiscal year for which the PMDC rate is established in the State appropriations act.

(b) Pursuant to the Medicaid Administration Manual at [N.J.A.C. 10:49-9.8\(b\)](#)6, a PMDC facility shall accept the Medicaid reimbursement rates the Department establishes, and shall accept payments the Department makes on behalf of PMDC beneficiaries to PMDC facilities as payment in full for services so provided, subject to any applicable deductible, coinsurance or co-payment for which a Medicaid beneficiary may be responsible.

(c) A medical director may bill the New Jersey Medicaid Program using the Health Insurance Claim Form, CMS-1500, only for services provided to a PMDC beneficiary for whom the medical director is a designated primary health care provider.

1. A medical director shall not bill the New Jersey Medicaid Program separately for any service performed for any PMDC beneficiary in a PMDC facility while serving solely in the role of a medical director.

(d) Transportation services a PMDC facility provides are included in the per diem reimbursement rate for PMDC and are not reimbursable as a separate service.

(e) All prescribed therapies identified in the PMDC beneficiary's initial and/or interdisciplinary plan of care are included in the per diem reimbursement rate and neither the PMDC facility nor the individuals providing the prescribed therapies shall bill the New Jersey Medicaid Program separately for these therapies.

(f) The PMDC facility administrator shall make inquiry of the child's parent respecting the existence of any private health insurance plan that provides a payment benefit for PMDC on behalf of the child and shall ensure that the PMDC facility bills any such private health insurance plan for covered services provided to the child prior to the facility submitting claims for Medicaid reimbursement to the fiscal agent.

(g) The PMDC facility administrator shall verify each child's Medicaid financial eligibility, prior to submitting a prior authorization request form, and monthly thereafter, using the Recipient Eligibility Verification System pursuant to [N.J.A.C. 10:49-2.11](#).
