1. Each principal department and agency of this State is hereby directed to submit all potential State procurements involving expenditure of federal reconstruction resources to the Office of the State Comptroller (“State Comptroller”) for review prior to commencement of the procurement process. The State Comptroller shall determine whether the proposed procurement process complies with applicable public contracting laws, rules, and regulations. If the State Comptroller determines that the proposed procurement process does not comply with applicable laws, rules, and regulations, the State Comptroller shall inform the contracting agency, as well as the Governor’s Office of Recovery and Rebuilding, of the changes needed to make the process legally compliant.

2. The State Comptroller shall assign appropriate staff to conduct this review as necessary to ensure the integrity of the procurement process while still facilitating the timely expenditure of federal reconstruction resources to help rebuild New Jersey. Each department, office, division, and agency of this State is hereby required, to the extent not inconsistent with law, to cooperate fully with the State Comptroller and to furnish the State Comptroller with such information and assistance on as timely a basis as is necessary to accomplish the purposes of this Order.

5. In order to ensure transparency and integrity in the procurement process, the State Comptroller, in coordination with the Governor’s Office of Recovery and Rebuilding and the New Jersey
Office of Information Technology, shall make certain that all approved State contracts for the allocation and expenditure of federal reconstruction resources are made available to the public by posting such contracts on an appropriate State website.

6. The website shall also provide information to the public regarding available federal funding streams and funding criteria, the tracking of federal funding allotments, and contract vendor information.

7. The State Comptroller, in coordination with the Governor’s Office of Recovery and Rebuilding, shall provide information to contracting entities regarding applicable public contracting laws, rules, and regulations to help ensure accountability, transparency, and the timely expenditure of federal reconstruction resources.

Every State department and agency shall ensure that fraud prevention notices shall be prominently displayed at all construction projects involving federal reconstruction resources overseen by the department or agency. Such notices shall include the toll-free hotline established by the State Comptroller for reporting of fraud, waste, or abuse of federal reconstruction resources. The State Comptroller shall ensure that any information received indicating potential criminal activity shall be referred to the Office of the Attorney General.

The State Comptroller and the Governor’s Office of Recovery and Rebuilding shall report to the Governor from time to time on the progress of the review process and the publication of related information on the website, and, in doing so, shall indicate whether additional staff and assistance is necessary to ensure accountability, transparency, and the timely expenditure of federal reconstruction resources.
10. This Order shall take effect immediately.

GIVEN, under my hand and seal this 8th day of February, Two Thousand and Thirteen, and of the Independence of the United States, the Two Hundred and Thirty-Seventh.
