WHEREAS, in accordance with N.J.S.A. App. A:9-34 and -51, I reserve the right to utilize and employ all available resources of State government to protect against the emergency created by COVID-19; and

WHEREAS, as COVID-19 continued to spread across New Jersey, I have issued a series of Executive Orders pursuant to my authority under the New Jersey Civilian Defense and Disaster Control Act and the Emergency Health Powers Act, to protect the public health, safety, and welfare against the emergency created by COVID-19, including Executive Order Nos. 104-133, Nos. 135-138, Nos. 140-166, Nos. 168-173, No. 175, Nos. 177-181, No. 183, Nos. 186-187, Nos. 189-198, No. 200, Nos. 203-204, No. 207, and Nos. 210-211 (2020) and Nos. 214-216, Nos. 219-220, Nos. 222-223, No. 225,
WHEREAS, to limit community spread from person-to-person contact through use of social mitigation measures, Executive Order No. 107 (2020) closed certain businesses, including recreational and entertainment businesses, and limited certain activities, including gatherings; and

WHEREAS, after consultation with officials from the Department of Health ("DOH"), I announced a multi-stage New Jersey’s Road Back Plan for the methodical and strategic reopening of businesses and activities based on scientific data and metrics concerning the level of disease transmission risk and essential classification; and

WHEREAS, because of the progress we had made in our fight against the COVID-19 pandemic in New Jersey, I was able to announce a series of reopening steps over the course of several months, including increasing the indoor and outdoor gathering limit; and

WHEREAS, indoor dining was permitted to resume on September 4, 2020, pursuant to Executive Order No. 183, with strict health and safety protocols in place, including limiting the number of patrons to 25 percent of the establishment’s stated maximum capacity; and

WHEREAS, Executive Order No. 157 (2020) permitted certain recreation and entertainment businesses, to open their indoor premises subject to their compliance with specified health and safety protocols, including the same 25 percent capacity limitation; and
WHEREAS, Executive Order No. 157 (2020) permitted casinos and racetracks to resume operations conditioned on their compliance with requirements imposed by the Division of Gaming Enforcement and New Jersey Racing Commission; and

WHEREAS, Executive Order No. 181 (2020), permitted gyms, fitness centers, and health clubs to open their indoor spaces to the public at 25 percent of the facility’s stated maximum capacity; and

WHEREAS, personal care service facilities were permitted to reopen their premises to the public pursuant to Paragraph 2 of Executive Order No. 157 (2020); and

WHEREAS, Executive Order No. 194 (2020) clarified that premises of indoor facilities providing personal care services are limited to 25 percent of the stated maximum capacity; and

WHEREAS, Executive Order No. 219 (2021) increased the indoor capacity for the aforementioned businesses from 25 percent to 35 percent; and

WHEREAS, Executive Order No. 230 (2021) again increased indoor capacity for certain businesses to 50 percent; and

WHEREAS, the current indoor gatherings limit is set at 25 persons and the current outdoor gatherings limit is set at 500 persons, with certain limited exceptions; and

WHEREAS, Executive Order No. 234 (2021) stated that all athletic practices and competitions conducted outdoors are subject to the 200-person limit, but that athletes, coaches, trainers, and other individuals necessary for the practice or competition are not included in the number of individuals present; and

WHEREAS, that Order also permitted certain catered private events to proceed at 35 percent of the capacity of the room in which they take place, up to 150 persons; and
WHEREAS, Executive Order No. 234 (2021) increased the capacity for larger venues to 30 percent outdoors, and lowered the threshold for a venue to be considered large to 2,500 fixed seats from 5,000; and

WHEREAS, Executive Order No. 238 (2021) most recently increased the capacity for larger entertainment and sports venues with 1,000 fixed seats or more to 50 percent outdoors, and increased the indoor capacity for catered events to 50 percent of the room in which they take place, up to 250 persons; and

WHEREAS, in the past year, we have gained critical knowledge regarding COVID-19, including a better understanding of the risks associated with certain activities, the activities that are most conducive to spread of the virus, and the safeguards that can be implemented to mitigate those risks; and

WHEREAS, this information, together with expanded access to testing, personal protective equipment, and other materials necessary to protect individuals from spread of the virus, as well as the ongoing COVID-19 Vaccination Plan (“Plan”) discussed below, allows for certain activities to continue subject to more limited restrictions; and

WHEREAS, the number of hospitalized patients, patients in intensive care, and ventilators in use, and the spot positivity of COVID-19 tests have decreased significantly over the past few weeks; and

WHEREAS, given the decisive decreases in key statistics, such as the number of hospitalized patients in the State, and the continuation of the State’s Plan, described more fully below, the State can take more significant steps to lift certain restrictions that were designed to limit person-to-person contact; and
WHEREAS, the Center for Disease Control and Prevention ("CDC") has maintained that physical distance of six feet or more is a critical tool in reducing risk in both indoor and outdoor environments, with limited exceptions for K-12 educational settings; and

WHEREAS, it is appropriate to eliminate capacity restrictions on indoor and outdoor businesses and instead utilize physical distancing requirements to limit occupancy in these settings; and

WHEREAS, indoor gatherings are more likely to involve a group of individuals present in a shared space for an extended period of time than businesses in the course of normal operations, and are more likely to involve individuals interacting with each other, so that it is necessary to maintain numerical restrictions on these gatherings in indoor settings at this time; and

WHEREAS, gatherings at private residences are typically more informal than events organized by a commercial entity, so that it is more difficult to enforce health and safety protocols; and

WHEREAS, certain gatherings, including religious services and political activities, are constitutionally protected activities, and restrictions on these gatherings should be less aggressive than restrictions on other gatherings; and

WHEREAS, legislative and judicial proceedings are particularly important to the functioning of the State, the latter of which implicates constitutional rights and foundational privileges, and so should also proceed with less restrictive limits; and

WHEREAS, addiction group counseling services are a critical social and mental health service that necessitate robust group participation, particularly during the COVID-19 pandemic, which has heightened feelings of stress and social isolation, and thus
can exceed the general gathering limit while following health and safety protocols; and

WHEREAS, certain events such as wedding ceremonies, funerals, and memorial services, which typically happen once in a lifetime, provide benefits to the well-being of the participants such that they can be treated differently from casual social gatherings such as house parties, which occur on a more frequent basis and typically do not present the same compelling need; and

WHEREAS, catered celebrations are structured events with an established list of attendees that would facilitate contact tracing efforts, and involve an overseeing entity capable of overseeing attendee and staff compliance with applicable health and safety protocols, so that all such events can operate at the same capacity as weddings, funerals, and similar events with a higher indoor capacity limitation; and

WHEREAS, the CDC has continued to emphasize that outdoor environments pose a lesser risk of transmission of the virus than indoor environments, so that New Jersey can entirely remove the outdoor gathering limit so long as social distancing and other protective measures remain in place; and

WHEREAS, sports and entertainment venues with a large maximum capacity can accommodate a greater number of individuals at a gathering while still ensuring that a minimum of six feet of distance is maintained between patrons or groups of patrons at all times, including at entrances and egresses to the facility; and

WHEREAS, as part of the State’s response to COVID-19, DOH has created a comprehensive Plan to manage the receipt, administration, and tracking of the vaccines developed to inoculate the State’s residents and workforce against COVID-19; and
WHEREAS, the State has thus far administered nearly 8 million doses of COVID-19 vaccines to individuals that live, work, and are educated in New Jersey and as of April 19, 2021, has deemed all individuals ages 16 and older as eligible to receive the vaccine; and

WHEREAS, the process of vaccinating the population to levels sufficient to establish community immunity is expected to take several months; and

WHEREAS, while New Jersey continues to vaccinate large numbers of individuals each day, it is still appropriate to maintain mitigation protocols, including overall limits on capacity in establishments open to the public, to ensure spread is limited while dissemination of the vaccine continues; and

WHEREAS, it is critical that individuals continue to follow social distancing, masking, and other infection control protocols while vaccine administration is ongoing in the State; and

WHEREAS, the Constitution and statutes of the State of New Jersey, particularly the provisions of N.J.S.A. 26:13-1 et seq., N.J.S.A. App. A: 9-33 et seq., N.J.S.A. 38A:3-6.1, and N.J.S.A. 38A:24 and all amendments and supplements thereto, confer upon the Governor of the State of New Jersey certain emergency powers, which I have invoked;
