The Office of Information Technology (OIT) currently offers a hybrid work schedule, and this position may qualify for up to 2 days of remote work outside of OIT buildings after successful completion of a Working Test Period or 120 calendar days after the effective date of the appointment. This program does not supersede the "New Jersey First Act," which requires newly hired OIT employees to establish, and then maintain, principal residence in the State of New Jersey.

DESCRIPTION OF THE SPECIFIC POSITION: The candidate for the OIT-PaaS Application Server and Web Server Administrator needs to have background in administering TomEE, Oracle iplanet/Glassfish and WebSphere application servers. Also a strong back ground in Apache and IIS Web Server administration is required. Strong knowledge in java/j2ee and .NET framework applications/environments and troubleshooting performance is very important. Strong Linux, Unix/Solaris background and network principles is preferred. Expertise in ansible, shell/c# scripting are needed. Understanding of website/server security requirements such as ssl certs, ciphers and security keys is needed. Understanding of Oracle and sql*server RDBMS are useful. This position requires someone proactive, and passionate about ensuring the quality of software, and applications are at an optimal level, able to work with team members or alone, and be able to troubleshoot. Supports users by developing documentation, and set standards.

REQUIREMENTS:

EDUCATION: Graduation from an accredited college or university with an Associate's degree in Computer Science or Computer/Information Technology.

EXPERIENCE: One (1) year of experience in at least one of the following areas: the design and preparation of programs for electronic data processing utilizing current operating systems, modification of systems software and multiprogramming technology; or the development, maintenance, or installation of application programs; or in performing technical support functions within a direct

access device environment, or the development, implementation, and maintenance of multi-network, multi-user Local Area Networks (LAN), Metropolitan Area Networks (MAN), and/or Wide Area Networks (WAN) environment.

NOTE: Technical support functions include experience in resolution of online production and/or communications network problems, and/or code modification, testing, and debugging of program modules in an online environment, and/or space allocation and control of direct access storage devices (DASD management).

NOTE: A Bachelor's or Master's degree in Computer Science may be substituted for one (1) year of indicated experience.

NOTE: A general Bachelor's degree from an accredited college or university may be substituted for the Associate's degree.

SPECIAL NOTE ON SUBSTITUTING EXPERIENCE FOR EDUCATION
Experience in the study of work methods/processes, analysis of varied types of data, design and preparation of systems/programs, operation of multiprogramming computer systems and work in the data processing support areas of input/output control or reliability support may be substituted for the required education on a year-for-year basis with thirty (30) semester hour credits being equal to one (1) year of experience.

NOTE: Evidence of formal training in Computer Science/Information Technology received at an accredited institution may be submitted with your application for evaluation by the Department of Personnel for possible credit. These training courses will be examined to see how they compare, both in hours/content, to college courses to which they equate, sixteen (16) training hours being equal to one (1) college credit. In-house training courses will not be accepted as meeting this criterion; thus, they will not be evaluated.

FOR NON-U.S. CITIZENS AND/OR FOREIGN DEGREES
AUTHORIZATION TO WORK: U.S. Citizenship is not required. Applicants must be authorized to work in the United States according to the Department of Homeland Security, United States Citizenship and Immigration Services regulations. NJOIT does not provide sponsorship or accept student OPT/CPT programs, F1 or H1B work authorization visas.

Note on Degree Information: You must provide a transcript(s) or evaluation of your degree(s). Foreign degrees must be evaluated by a recognized evaluation service and include your course-by-course evaluation. Candidates will NOT be considered for the position if they fail to provide all requested documents upon initial submittal or fail to follow instructions when submitting electronically.

Current State employees: Any appointments made that involve movement may result in a forfeiture of rights to any promotional lists in their former unit.

RESIDENCY REQUIREMENTS: In accordance with the New Jersey First Act, N.J.S.A. 52:14-7 (L. 2011, Chapter 70), effective September 1, 2011 all employees must reside in the State of New Jersey unless exempted under the law. If you do not live in New Jersey, you have one year after you begin employment to relocate your residence to New Jersey. Employees who fail to meet the residency requirements or obtain an exemption will be removed from employment.

As a condition of employment with NJOIT a background inquiry will be conducted.
