

SHARED WORK

BUSINESS AS USUAL IN UNUSUAL TIMES

The Shared Work program can help you — and your employer — get through tough economic times. That's why more and more employers are turning to Shared Work. The program gives employers the flexibility to avoid layoffs by helping them retain their full workforce and bring back furloughed workers at reduced hours. This means keeping your job and your benefits!

Here are just some of the ways employees benefit from Shared Work:

You continue to work and earn your regular hourly wage

You continue to receive health insurance and other benefits

Unemployment Insurance provides income replacement to partially offset your wage loss

Your job skills remain up to date

You avoid being laid off by working reduced hours

To learn more about the Shared Work Program, talk to your employer or visit nj.gov/labor/sharedwork.
