Workforce Innovation Notice 5-17(G)

TO: Workforce Development System
FROM: John Bicica, Chief,
Office of WIOA Technical Assistance and Capacity Building
SUBJECT: Opportunity Partnership Grant Eligibility
DATE: September 13, 2017

Purpose

To inform all one-stop career center staff of clarifications to the criteria used for determining eligibility of customers for the Opportunity Partnership Grant Program.

Background

The Workforce Development Partnership Program (WDP) is a state program that provides various services to one-stop career center customers. NJAC 12:23-1.1 states an “eligible individual” includes a qualified displaced worker. This guidance is intended to update the terms used in the definition of a qualified displaced worker to align with the definitions provided under the Workforce Innovation and Opportunity Act (WIOA). Previously, eligibility had aligned with the definition of Dislocated Worker as provided under the Workforce Investment Act, which has been superseded by WIOA.

This guidance is for the purposes of determining eligibility for the Opportunity Partnership Grant only; Employment Service staff are not to co-enroll these customers into WIOA Title I. WIOA Title I staff may co-enroll eligible participants at their discretion.

For the purposes of eligibility for the Opportunity Partnership grant, a participant must be someone who:

1. Is unemployed; **and**
 - i) Is currently receiving unemployment benefits or any Federal or State unemployment benefit extension;
- or**
2. Has exhausted eligibility for benefits in the last 52 weeks; **or**
3. Meets the criteria set by the Workforce Innovation and Opportunity Act to be regarded as a “dislocated worker.” (see below):

Dislocated Worker — there are **five** categories of dislocated workers under WIOA. A customer must meet required criteria in any **one** category.

The term “dislocated worker” means an individual who:

Category 1-(i) has been terminated or laid off, **or** who has received a notice of termination **or** layoff, from employment;

(ii)(I) is eligible for **or** has exhausted entitlement to unemployment compensation; **or**

(II) has been employed for a duration sufficient to demonstrate, to the appropriate entity at a one-stop center referred to in section 121(e), attachment to the workforce, but is not eligible for unemployment compensation due to insufficient earnings **or** having performed services for an employer that were not covered under a State unemployment compensation law; **and**

(iii) is unlikely to return to a previous industry **or** occupation;

Determining Customer is Unlikely to Return to Previous Industry or Occupation

The following are examples of reasons a customer may be determined the criterion specified in WIOA Sec. 3(15) (A) (iii): (Unlikely to Return to Previous Occupation or Industry). **The determination must be recorded in America's One-Stop Operating System (AOSOS). A customer only needs to meet one of the criteria. Any documentation provided to verify this criterion must be kept in the customer folder and cited in AOSOS case notes in Comments.**

- **Skill Oversupply**—Based on LMI, it is determined that state or local supply of persons with the specific skills of the applicant exceeds current demand for those skills;
- **UI Profiling Score**—A probability of exhaustion score of 80% or higher;
- **Separation from Service**—Documentation (such as a DD-214) verifying separation or imminent separation from the Armed Forces.
- **Obsolete Skills** – Based on assessment of customer's skills, it is determined that the applicant can no longer meet the minimum requirements of jobs available in their occupation (e.g., clerical worker without word processing skills, etc.); or
- **Local Layoff Impact** - A local plant or business closing or layoff has had a significant negative impact on the availability of jobs in the applicant's primary occupation and accustomed wage/hour/skill level; or
- **No Job Offers Received** - Applicant has been available and looking for work for a number of weeks and has not received an offer for work; "number of weeks" might range from 6 to 12 weeks, depending upon the occupation, economy, and/or applicant's verified job search efforts;
- **Physical Limitations or Disabilities** - Newly acquired physical limitations or injuries occurring which limit the individual's ability to perform the job from which they were dislocated may make an individual unlikely to return to the previous occupation. Such individuals are eligible if they fit one of the categories of the WIOA dislocated worker program eligibility, but shall have a doctor's release to work; or
- **Other Factors**—Factors that can be recorded in the customer's AOSOS record, including local policies based on labor market information, indicating "unlikely of returning to the previous industry or occupation.

Temporary and Seasonal Workers— Individuals laid off or terminated because of the cyclical, intermittent, or seasonal nature of their employment may be eligible for individualized career services and training services as Category 1 Dislocated Workers. However, such services can only be made available to those individuals who are currently unemployed and have indicated that they are seeking full-time non-temporary/seasonal work. This does not apply to workers who are on a temporary *layoff* with a specific return to work date; these workers do not meet this criterion

Service members exiting the Armed Forces with a discharge that is **anything other than dishonorable** qualify for dislocated workers services and are eligible for such services based on the following criteria:

- a) The Separating service member has received a notice of separation, DD-214 from the Department of Defense, or other documentation showing a separation or imminent separation from the Armed Forces to satisfy the termination or layoff part of the dislocated worker eligibility criteria.
- b) The separating service member qualifies for the criteria on eligibility for or exhaustion of unemployment compensation.
- c) As a separating service member, the individual meets the criterion of being and "individual who is unlikely to return to a previous industry or occupation."

Note: While documentation of veteran status is not required for Labor Exchange services, documentation is required when an element of eligibility for funded services. A DD 2-14 or other documentation showing separation from the Armed Forces can be used to verify all three of these criteria (see Eligibility Desk Aid). When recording their Employment Status field on the Customer Detail screen in AOSOS, select “Employed – Rcvd Notice of Termination.”

Military Spouses-The definition of dislocated workers (Category1) includes military spouses who have lost employment as a direct result of a relocation to accommodate a permanent change in duty station of the spouse. Military spouses may also qualify if they are a dependent spouse of a member of the Armed Forces on active duty whose family income is significantly reduced, as determined by the State or local area, because of a deployment, a call or order to active duty, a permanent change of station, or the service-connected death or disability of the service member. (An exception would be a spouse who *voluntary* leaves work to relocate somewhere other than the spouse’s new duty location). Military spouses also can qualify if they are unemployed or underemployed and are experiencing difficulty in obtaining or upgrading employment.

The spouse’s Permanent Change of Station Orders would document their eligibility, although case notes should also be used. Other military spouses may qualify as Displaced Homemakers (See Category 4).

Category 2-(i) Has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise;
