Vocational Rehabilitation Services

Services for People who are Deaf and Hard of Hearing

At the Division of Vocational Rehabilitation Services, we provide specialized services for people who are Deaf and hard of hearing.

Our Deaf Language Specialists, also known as Rehabilitation Counselors for the Deaf, provide direct vocational counseling to DVRS consumers whose primary language is American Sign Language (ASL).

Our Partners

We work with other organizations that are equipped to provide more specialized services.

Community-based vocational rehabilitation agencies provide supported employment services. Staff in these agencies are proficient in ASL and will assist you with job readiness skills, job placement, job coaching, and long-term follow-along services, if needed.

Regional Career Centers for People with Hearing Loss serve individuals who are Deaf, hard of hearing, late deafened, or have cochlear implants. DVRS funds three centers in New Jersey — one each in the north, central and southern areas.

These centers offer vocational assessments, job readiness skills, job search support, job coaching, and pre-employment transition services for both students currently in school and youth who are out of school.

Each location has a demonstration center where you can try various assistive technologies that can help you at work.

Some of the many ways we can help you on the path to employment success:

- Career Counseling
- Vocational/College Training
- Internship Assistance
- Hearing Aids/CI Replacement
- Vocational Evaluations
- Other Diagnostic Evaluations
- SSDI/SSI Benefits Counseling
- Pre-Employment Youth Transition Services

The first step in applying for services is to either call the office in the county in which you live or complete the online referral form and send it to the office. To find the referral form, go to our website at careerconnections.nj.gov – scroll down, and in the **Just for You** area, choose **Vocational Rehabilitation Services**. On that page in the **Additional Services** box, choose **Deaf and Hard of Hearing Services** to find the confidential referral forms.
