

Some Other Race Population: 1990-2000

New Jersey Municipalities

This table shows at the municipal level the **difference** between the "Some other race" population in 1990 and the "Some other race *alone*" population in 2000. Because individuals could report only one race in 1990 and could report more than one race in 2000, the race data for 1990 and 2000 are not directly comparable. The difference in population by race between 1990 and 2000 thus is due both to this change in definition and to real change.

NOTE: For information on confidentiality protection, sampling error, nonsampling error, and definitions, see www.census.gov/explanation.html.

Some Other Race Population: 1990-2000

New Jersey Municipalities

This table shows at the municipal level the **difference** between the "Some other race" population in 1990 and the "Some other race *alone*" population in 2000. Because individuals could report only one race in 1990 and could report more than one race in 2000, the race data for 1990 and 2000 are not directly comparable. The difference in population by race between 1990 and 2000 thus is due both to this change in definition and to real change.

NOTE: For information on confidentiality protection, sampling error, nonsampling error, and definitions, see www.census.gov/explanation.html.

Some Other Race Population: 1990-2000

New Jersey Municipalities

This table shows at the municipal level the **difference** between the "Some other race" population in 1990 and the "Some other race *alone*" population in 2000. Because individuals could report only one race in 1990 and could report more than one race in 2000, the race data for 1990 and 2000 are not directly comparable. The difference in population by race between 1990 and 2000 thus is due both to this change in definition and to real change.

NOTE: For information on confidentiality protection, sampling error, nonsampling error, and definitions, see www.census.gov/explanation.html.

Some Other Race Population: 1990-2000

New Jersey Municipalities

This table shows at the municipal level the **difference** between the "Some other race" population in 1990 and the "Some other race *alone*" population in 2000. Because individuals could report only one race in 1990 and could report more than one race in 2000, the race data for 1990 and 2000 are not directly comparable. The difference in population by race between 1990 and 2000 thus is due both to this change in definition and to real change.

NOTE: For information on confidentiality protection, sampling error, nonsampling error, and definitions, see www.census.gov/explanation.html.

Notes: *Passaic township changed its name to Long Hill township in November 1992.

**Hardwick township annexed Pahaquarry township in July 1997.

The rate of growth (% change between 1990 and 2000) is denoted by dashes (---) whenever the 1990 count was zero (0).
