**Notice of Anticipated Funding: Preparedness and Response Communication Subaward.
Federal Emergency Management Agency (FEMA), FY 2020 Emergency Management
Performance Grant (EMPG)**

The United States Department of Homeland Security, Federal Emergency Management Agency provides EMPG funding to sustain and enhance all-hazards emergency management capabilities. The New Jersey Office of Emergency Management (NJOEM) is seeking to provide funding to support a public or private agency that address all-hazards communications for preparedness and response during a time of disaster including redundancies in telephony and network capabilities during a disaster.

Support grant period and available funding: \$100,000.00 in funding will be used to support this program. Funds will be awarded on a competitive basis and only one subaward will be made. The performance period will be September 1, 2020 to August 31, 2021. A 50 percent (dollar for dollar) cash or in-kind match will be required. Funding is made on a reimbursement basis and is contingent upon receipt of a FFY 2020 EMPG Award. Please note that funding allocations and individual subaward amounts are subject to change. Subrecipients shall recognize and agree that both the initial provision of funding and the continuation of such funding under a grant agreement is expressly dependent upon the availability of funds appropriated by the State or Federal Legislature from State and/or Federal revenue to such other funding sources as may be applicable. A failure of NJOEM to

make any payment under a grant agreement or to observe and perform any condition on its part to be performed under a grant agreement as a result of the failure of the State or Federal Legislature to appropriate funds shall not in any manner constitute a breach of a grant agreement by NJOEM or an event of default under a grant agreement because of the absence of available funding appropriations. In addition, future funding shall not be anticipated from NJOEM beyond the duration of the award period set forth in a grant agreement and in no event shall a grant agreement be construed as a commitment by NJOEM to expend funds beyond the termination date set forth in a grant agreement
