**** NAMI Signature Programs*** are based upon a standardized model developed and maintained by NAMI National. Our 2 signature support group models, NAMI Connection Recovery Support Group and NAMI Family Support, attendees can expect that:

- Programs are for adults 18+ and are peer led, meaning the people leading the program share important life experiences with the participants and speak from the perspective of an equal. No student or professional observers are present and membership is not required.
- It's not necessary for a formal diagnosis to have been made for a person, or their family members, to participate in and benefit from a NAMI program.
- Two trained program leaders will be present, who are members of the group. The program leaders are screened and trained intensively for their role. They will facilitate according to well-defined rules and processes which they had 2 days of training in. They will not give advice or keep records.
- The facilitators will regularly turn the group to the structures we read out at the beginning of the meeting (Group Guidelines and Principles of Support), as well as our Stages of Emotional Response structure and our Group Wisdom, Hot Potato, and Problem Solving processes as needed.

Confidentiality:

The facilitators will take a few minutes to share an enhanced confidentiality reminder, emphasizing that we rely on callers to:

- Ensure that you and anyone else who can see or hear the call are members of the appropriate group.
- Note that Zoom and NAMI NJ collect basic information, such as IP address, zip code, etc.
- Calls will not be recorded. Please do not take screenshots or any recordings, or take notes with personal information.
- Please close your door, close your computer when you step away, use a headset, etc. as needed to preserve group privacy if you are not alone.

Safety:

- Individuals on the call who are "mandated reporters" will announce themselves. Please note, that all residents of NJ are mandated reporters of known or potential harm to a child.
- Even with pre-registration, we have no way of knowing who is listening to our meetings. Therefore, we urge attendees to be cautious when sharing personal information or anything others might perceive of as dangerous or threatening.
- If you have something critical to communicate with the facilitator which is private, you can use the CHAT feature, addressing him/her only.
- Remember that statewide facilitators are less likely to have local crisis diversion resources and background than those in your local affiliate or multicultural group.
