nj_armyguard March is [#WomensHistoryMonth](#), a time for all of us to honor the contributions of women in uniform to the US Armed Forces. Here is a barrier-breaking example in Sgt. Maria Tarricone—the first female Soldier to enlist as a Combat Engineer (12B) in The @njnationalguard.

"Don't ever let any one tell you that you can't. I think that's the biggest reason I joined the military. I was told that I couldn't do it, but I wanted to prove them wrong." -Sgt. Tarricone
