

Original

nj_armyguard It's currently Hispanic Heritage Month, observed from September 15 to October 15, to honor the many contributions Hispanic citizens have made to this country. Among these are the invaluable contributions of Hispanic soldiers to the @usarmy. Estimates show that there are hundreds of thousands of Hispanic soldiers in our ranks, including over 100,000 Puerto Rican soldiers.

In particular, we are proud to take this opportunity to recognize the joint exercises and collaborative efforts between the @Njnationalguard and the @prnationalguard.

In these images here we have Soldiers from the New Jersey Army National Guard as well as Soldiers from the Puerto Rico National Guard participating in joint missions and deployments showcasing reflecting our shared commitment and dedication.
