nj_armyguard The New Jersey Army National Guard Recruiting and Retention Battalion is highlighting the meaning of Hispanic Heritage month to our Hispanic Soldiers in uniform.

Here we have Sgt Hernandez:

"To me it means, a true blessing to be a part of such an amazing culture, people and different ways of life that makes us all one! We all are Hispanics, Latinos, brother and sisters we are blessed to be present everywhere in the world and I as a Boricua will always be boricua even if I was born on the moon!"
