JOB DESCRIPTION

The New Jersey Department of the Treasury, Division of Revenue and Enterprise Services is seeking to fill multiple Data Entry Operator 1 vacancies.

Data Conversion Unit:

The primary focus for appointees will be to carry out a computer application modernization project by replacing the 40-year-old mainframe data Capture and Retrieval System DCR with a modern web-based system called ImageTrust (DCS). Appointees will process and digitize various documents by scanning and keying accurately information on the various forms (example: Tax, Inheritance, Estate, etc.)

Appointees will be responsible for accurately transcribing data from tax forms and agency documents (paper or image) into designated data processing systems, including DCR, DCR 2, PCCR, and DREAMS. Appointees will ensure all checks are properly accounted for in money batches before forwarding to the control unit.

Appointees will operate data entry equipment to input, update, and retrieve data following on-screen commands and instructions. Appointees will need to possess strong attention to detail and accuracy to compile, sort, and confirm completeness of documents prior to data entry, maintain a daily production log for supervisor review, and detect hardware malfunctions and promptly notify the supervisor. Perform other related duties as assigned.

IBML Scanning: Hours for this unit's vacancy may be as followed: 2:00 p.m. to 10:00 p.m.

Appointees will operate keyboard, scanning, or other input devices or equipment to transcribe data from standard source documents onto data storage or data processing equipment and/or through direct on-line hook up to a computer. Appointees use document tools and key verifications to capture and fix scanned images. They check data for accuracy and completeness by reviewing screens, fixing obvious mistakes, re-typing unmatched entries, and using verification software.

Appointees will operate data entry equipment to input, update, and retrieve data following on-screen commands and instructions. Appointees will need to possess strong attention to detail and accuracy in order to compile, sort, and confirm completeness of documents prior to data entry, logs and maintains operating production and error rates for each task and type of document imaged, and detect hardware malfunctions and promptly notify the supervisor.

Appointees will perform a variety of data entry related clerical duties such as record searching, coding, verification, filing, and logging received and completed assignments for work-flow documentation purposes. Appointees will be responsible for loading office equipment with required input and output media, search and extract data from computerized records, and prepare basic trouble reports.

The standard workweek is Monday through Friday. This position may be eligible to participate in the Department's Alternate Workweek Program (AWP), which offers eligible employees alternative work hours and schedules to facilitate a more vital work-life balance. The AWP does not change the number of hours worked per pay period; however, it allows for a varied distribution of work hours during the week to grant an additional day or half-day(s) off, as approved by management. Details will be made available throughout the interview process. The position offers a comprehensive benefits package including medical, prescription drug, and dental coverage, benefit leave, paid holidays, Pension, supplemental pension plan options, and tax saving programs. For more information regarding the New Jersey State Health Benefits Program (SHBP) and Public Employees' Retirement System of New Jersey (PERS) plan offerings, eligibility requirements, and enrollment, please visit the New Jersey Division of Pensions and Benefits website at <https://www.nj.gov/treasury/pensions/>.
