INSTRUCTIONS FOR SCHEDULE J-CORPORATION ALLOCATION SCHEDULE

PART I - GENERAL INSTRUCTIONS REGARDING ALLOCATION OF ADJUSTED ENTIRE NET INCOME:

- (a) **WHO IS PERMITTED TO ALLOCATE:** No domestic or foreign entity is permitted to allocate less than 100% of its adjusted entire net income to New Jersey, unless, during the period covered by the return, it **actually maintained a regular place of business outside of New Jersey** other than a statutory office.
- (b) **DEFINITION OF REGULAR PLACE OF BUSINESS:** A "regular place of business" is any bona fide office (other than a statutory office), factory, warehouse, or other space of the taxpayer which is regularly **MAINTAINED, OCCUPIED** and **USED** by the taxpayer in carrying on its business and in which one or more regular employees are in attendance. To maintain a place of business, the taxpayer must either own or rent the premises. That cost must be borne directly by the taxpayer and not by some related entity or person.
- (c) **ALLOCATION PERCENTAGES:** In computing the allocation factor in Schedule J, division must be carried to six decimal places, e.g., .123456.
- (d) **ELECTION TO ALLOCATE:** If the taxpayer is entitled to allocate, the election should be made with the filing of the partnership return regardless of the amount of income reported. Schedule J must be completed to validate the election.
- (e) Only the receipts, property and payroll expenses attributable to the partnership entity are to be used in computing the allocation factor denominators.

PART II - AVERAGE VALUES: Average value is generally computed on a quarterly basis where the taxpayer's accounting practice permits such computation. At the option of the taxpayer or the State, a more frequent basis (monthly, weekly or daily) may be used. Where the taxpayer's accounting practice does not permit computation of average value on a quarterly or more frequent basis, semi-annual or annual frequency may be used only where no distortion of average value results. If any basis other than quarterly is used, state the basis and reasons for use thereof on a rider.

The average values of real and tangible personal property owned which are used in determining the property fraction of the allocation factor are based on book value. The numerator and denominator must take into account accumulated depreciation deferred for net income purposes where the taxpayer accounts for its property on its books on a Federal income tax basis. Rented or leased property is valued at eight times its annual rent, including any amounts (such as taxes) paid or accrued in addition to or in lieu of rent during the period covered by the return. All other property which is used by the taxpayer but is neither owned, rented or leased, should be valued at book value, however, if no such book value exists, the market value of the property should be used.

PART III - COMPUTATION OF ALLOCATION FACTOR: This schedule may be omitted if the taxpayer does not maintain a regular place of business outside this State other than a statutory office, in which case the tax law requires the allocation factor to be 100%.

- (a) **Line 1 - PROPERTY FRACTION:** For general information regarding method of valuation in arriving at average values, see instruction for Part II. Tangible personal property is within New Jersey if and so long as it is physically situated or located here. Property of the taxpayer held in New Jersey by an agent, consignee or factor is (and property held outside New Jersey by an agent, consignee or factor is not) situated or located within New Jersey. Property, while in transit from a point outside New Jersey to a point in New Jersey or vice versa does not have a fixed situs either within or outside the State and, therefore, will not be deemed to be "situated" or "located" either within or outside New Jersey and accordingly the average value of such property should be omitted from both the numerator and the denominator of the property fraction.

Ships, aircraft, satellites used in the communications industry, and other mobile or movable property are subject to the specific rules defined in N.J.A.C. 18:7-8.4.

- (b) **Line 2(a) - RECEIPTS FRACTION:** Receipts from sales of tangible personal property are allocated to New Jersey where the goods are shipped to points within New Jersey.

Receipts from the sale of goods are allocable to New Jersey if shipped to a New Jersey or a non-New Jersey customer where possession is transferred in New Jersey. Receipts from the sale of goods shipped to a taxpayer from outside of New Jersey to a New Jersey customer by a common carrier are allocable to New Jersey. Receipts from the sale of goods shipped from outside of New Jersey to a New Jersey location where the goods are picked up by a common carrier and transported to a customer outside of New Jersey are not allocable to New Jersey.

Receipts from the following are allocable to New Jersey; services performed in New Jersey; rentals from property situated in New Jersey; royalties from the use in New Jersey of patents or copyrights; all other business receipts earned in New Jersey.

- (c) **Lines 2(e) and 2(g)**

- (1) **RECEIPTS FROM SALES OF CAPITAL ASSETS:** Receipts from sales of capital assets (property not held by the taxpayer for sale to customers in the regular course of business), either within or outside New Jersey, should be included in the numerator and the denominator based upon the net gain recognized and not upon gross selling prices. Where the taxpayer's business is the buying and selling of real estate or the buying and selling of securities for trading purposes, gross receipts from the sale of such assets should be included in the numerator and the denominator of the receipts fraction.

- (d) **Line 2(h) -** Receipts that have not been included in the numerator of an apportionment factor of another taxing jurisdiction's tax return based on income or measured by profits, business presence or business activity shall be excluded from the denominator.
- (e) **Lines 2(j) and 2(k) -** The percentage of receipts in New Jersey should be entered on both lines 2(j) and 2(k) to effect a double-weighted receipts fraction in the computation of the allocation factor.
- (f) **Line 3 - PAYROLL FRACTION:** In general, a taxpayer reporting to the Division of Employment Security in the New Jersey Department of Labor will allocate to New Jersey all wages, salaries and other personal service compensation, etc., reportable to that Division, including the portions thereof, in individual cases, in excess of taxable wages. All executive salaries are includible in both the numerator and denominator. See N.J.S.A. 54:10A-7 for the definition of wages, salaries and other personal services compensation allocable to New Jersey.
- (g) **ALLOCATION FACTOR - GENERAL:** The allocation factor is computed by adding together the percentages shown at lines 1(c), 2(j), 2(k) and 3(c) of Schedule J, Part III for the period covered by the return, and dividing the total of the percentages by four (4). However, if the property or payroll fraction is missing, the remaining percentages are added and the sum is divided by three. If the receipts fraction is missing, the other two percentages are added and the sum is divided by two. If two of the fractions are missing, the remaining percentage may be used as the allocation factor. A fraction is not missing merely because its numerator is zero, but is missing if its denominator is zero.

PART IV - COMPUTATION OF THROWOUT RECEIPTS: Provide the name of the jurisdiction and the amount of the receipts that have not been included in the other jurisdiction's tax return apportionment numerator.

Instructions for NJ-1065 Partnership Return and New Jersey Partnership NJK-1

The New Jersey Gross Income Tax Act does not follow all Federal income tax provisions for partnerships. For New Jersey gross income tax purposes, *all* items of income, expense, gain or loss resulting from the activities of the partnership, regardless of the item's character or category, must be included in the amount reported on Form NJ-1065 as "Partnership Income" and then apportioned to each partner on Schedule NJK-1. Each partner will report its portion of the total partnership income as "distributive share of partnership income" on its individual tax return. Nonresident partners that have income or loss from New Jersey sources are also required to file a tax return to report their share of partnership income. Nonresident partners will have to attach a copy of their Schedule NJK-1 to claim credit for the tax paid on their behalf.

The partnership income information required to be reported on this form is needed to: (1) adjust certain items of Federal income to conform to the New Jersey Gross Income Tax Act, and, (2) separate income derived from New Jersey sources from amounts derived from all sources. These adjustments and allocations provide the basis for the reporting of partnership income by both New Jersey resident partners and nonresident partners.

The amounts reported by the partnership on Federal Schedule K may require adjustments to ensure that all income, expense, gain or loss is ultimately reported by the partners as distributive share of partnership income on the New Jersey income tax return. For example, interest, dividends, rents, gains or losses earned are to be combined with Federal ordinary income (loss) to arrive at New Jersey partnership income (loss).

If a partnership is a qualified primary care medical or dental practice located in or within 5 miles of a Health Enterprise Zone (HEZ) the partners may be entitled to a deduction on their individual or fiduciary income tax returns. The amount of the deduction is to be listed on the partner's Schedule NJK-1 and deducted on the partner's Gross Income Tax return. Refer to the Division's web site, www.state.nj.us/treasury/taxation, for qualification and calculation information.

If the partnership has operations outside New Jersey, all income, gain or loss derived from sources other than real property must be allocated according to the business allocation percentage as determined by the Business Allocation Schedule (Form NJ-NR-A) unless permission has been granted to use a substitute method of allocation. Income, gain or loss attributable to real property that is physically located in New Jersey must be allocated entirely to this State. If the partnership is not a "qualified investment partnership", an "investment club", or is not listed on a United States national stock exchange, but it has a nonresident noncorporate or a nonresident corporate partner and it has operations outside New Jersey, it must also complete Schedule J "Corporation Allocation Schedule" and file it with Form NJ-1065 Partnership Return and pay any applicable tax due. Schedule J is not required for a partnership that meets hedge fund status, if its only nonresident partners are individuals, estates or trusts.

Most entities classified as partnerships for federal income tax purposes that have income or loss derived from New Jersey sources and that have more than two owners shall make a payment of a filing fee of \$150 for each owner up to a maximum of \$250,000. The filing fee is due on or before the 15th day of the fourth month succeeding the close of each privilege period. An installment payment equal to 50% of the filing fee is also required at the same time.

All choices affecting the computation of income from a partnership are made by the partnership, not each partner. This includes the choice of recognized methods of accounting, methods of computing depreciation, capitalization of organizational fees and the use of the installment sale provisions. It also includes the classification of income and the allocation of income to New Jersey. All partnership elections are equally applicable to all partners.

General Instructions

Partnership Defined - For tax purposes “partnership” means and shall include a syndicate, group, pool, joint venture and any other unincorporated organization through or by means of which any business, financial operation or venture is carried on and which is not a corporation, trust or estate within the meaning of the New Jersey Gross Income Tax Act. Only entities that qualify for and elect to be treated as a partnership for Federal tax purposes (for example limited liability companies and limited liability partnerships) shall be treated as partnerships under the New Jersey Gross Income Tax Act.

“Tiered” Partnerships - are arrangements wherein one partnership, the upper-tier or “parent” partnership, is a member of, or holds an ownership interest in another partnership (called the lower-tier, or “subsidiary” partnership). Tiered partnerships *must* complete Schedule A, Form NJ-1065 before completing Lines 1 through 11 on the front of Form NJ-1065.

Partner Defined - “Partner” means any owner of a partnership interest.

Nonresident Noncorporate Partner – means an individual, an estate or a trust subject to taxation pursuant to the “New Jersey Gross Income Tax Act” that is not a resident taxpayer or a resident estate or trust under that act.

Nonresident Corporate Partner – means a partner that is not an individual, an estate or a trust subject to taxation pursuant to the “New Jersey Gross Income Tax Act” that is not a corporation exempt from tax pursuant to N.J.S.A. 54:10A-3 and that does not maintain a regular place of business in this State other than a statutory office.

Qualified Investment Partnership – means a partnership that has more than 10 members or partners with no member or partner owning more than a 50% interest in the entity and that derives at least 90% of its gross income from dividends, interest, payments with respect to securities loans, and gains from the sale or other disposition of stocks or securities or foreign currencies or commodities or other similar income (including but not limited to gains from swaps, options, futures or forward contracts) derived with respect to its business of investing or trading in those stocks, securities, currencies or commodities, but “investment partnership” shall not include a “dealer in securities” within the meaning of section 1236 of the Federal Internal Revenue Code of 1986.

Hedge Fund Status – is met for New Jersey tax purposes if the investment entity's only activity is the purchase, holding or sale of intangible personal property, such as commodities or securities and such intangible personal property is not held for sale to customers as defined at N.J.S.A. 54A:5-8c. A partnership that qualifies for hedge fund status in one year may not meet the requirements every

year. The entity must evaluate its situation on a yearly basis. The entity, not the partner, must make the determination.

Investment Clubs – are usually small groups of individuals who pool their money to invest in stock or other securities. The group usually operates informally with members pledging to pay a regular amount into the club monthly. Some clubs have a committee that gathers information on securities, selects the most promising securities, and recommends that the clubs invest in them. Most clubs require all members to vote for or against all investments, sales trades, and the other transactions.

Investment clubs recognize as their main source of income interest, dividends, and gains on disposition of their stock and securities and usually meet hedge fund status. Investment clubs generally are not considered a business. An investment club is required to file a New Jersey Partnership Form NJ-1065 but is not entitled to deduct any expenses (unless it rises to the level of being in business). The member or partner of the investment club will report their share of the investment club's income or loss as "distributive share of partnership income".

If an “investment club” meets the following criteria, it will be exempt from the \$150 per owner annual partnership filing fee and from the requirement that a partnership make payments on behalf of its nonresident owners. The “investment club” must be an entity that is classified as a partnership for federal income tax purposes, all of the owners are individuals and all of the assets are securities, cash, or cash equivalents. The market value of the total assets of which do not exceed, as measured on the last day of its privilege period, an amount equal to the lesser of \$265,200 or \$37,200 per owner of the entity. The investment club is not required to register itself or its membership interests with the federal Securities and Exchange Commission.

Who Must File

Every partnership that has income or loss derived from sources in the State of New Jersey, or has a New Jersey resident partner, must file Form NJ-1065. A partnership must file even if its principal place of business is outside the State of New Jersey. Form NJ-1065 is no longer solely an information return. A filing fee and tax may be imposed on the partnership. Partners subject to the gross income tax still must report and pay tax on their share of partnership income or loss.

How to File

NJ-1065 filers that have ten or more partners are now required to file and make payment by electronic means. To obtain the electronic filing and payment formats or to obtain additional information on electronic filing and payment options visit the New Jersey Division of Revenue Website at

<http://www.state.nj.us/treasury/revenue> or call the Alternate Filing Branch at 609-633-1132.

NJ-1065 filers that have less than ten partners have the option to file and make payment by electronic means or on paper.

What to File

The following forms and statements must be included with Form NJ-1065:

- Schedule NJK-1 for every partner.
- Pages 1 through 4 of the Federal Form 1065, Federal Form 8825, Federal Schedule D and any Federal extension request forms filed
- A Schedule NJ-NR-A if any of the following conditions apply: (1) the partnership is doing business both inside and outside of New Jersey, or (2) 100% of the partnership's business is carried on outside of New Jersey.
- A Schedule J "Corporation Allocation Schedule" for tax remittance purposes, if you are *not* a "qualified investment partnership", "investment club", or that is *not* listed on a United States national stock exchange, but you have a nonresident noncorporate partner or a nonresident corporate partner. Schedule J is not required for a partnership that meets hedge fund status, if its only nonresident partners are individuals, estates or trusts.
- Schedule J "Corporation Allocation Schedule" is required if the partnership includes nonresident partners who do not have physical nexus to New Jersey and the partnership wishes to allocate the filing fee.
- Worksheet GIT-DEP "Gross Income Tax Depreciation Adjustment Worksheet" if applicable.

The Division may require that the complete Federal Form NJ-1065 including all schedules and supporting attachments be submitted during the course of an audit.

If at any time during the course of an audit the Division deems it necessary, the partnership must make a Form NJ-1065E available for all applicable partners.

Form PART-200-T "Partnership Tentative Return and Application for Extension of Time to File" or Form PART-100 "Partnership Return Voucher" with applicable payment for filing fee and/or tax due must also be filed.

When to File

Returns for calendar year 2005 are due April 17, 2006. Fiscal year returns are due the 15th day of the fourth month after the end of the tax year.

Any short period return must be filed by the due date of the Federal Form 1065. The partnership should use the most current form available from the Division of Taxation.

Postmark Date. All New Jersey income tax returns postmarked on or before the due date of the return are considered

to be filed on time. Returns postmarked after the due date are deemed to be late. The filing date for a late return is the day the return is received by the Division, not the postmark date.

Where to File

Mail your completed Form NJ-1065 to:

NJ DIVISION OF TAXATION
REVENUE PROCESSING CENTER
PO BOX 194
TRENTON NJ 08646-0194

Extension of Time to File

If an extension is obtained for filing Federal Form 1065, then an automatic extension is granted for submitting your Form NJ-1065. A copy of your application for Federal extension, Federal Form 7004, must be filed with your New Jersey return. Check the box labeled "Application for Federal Extension is attached" at the top of Form NJ-1065.

If you did not obtain a Federal extension and you need more time to file your New Jersey Form NJ-1065, Federal Form 7004 must be submitted as your request to New Jersey on or before the original due date of the return.

In addition, any partnership that has a filing fee or tax due must file Form PART-200-T, "Partnership Tentative Return and Application for Extension of Time to File". The applicable payment must accompany this form. Form PART-200-T must be postmarked on or before the original due date for the return.

If you file Form PART-200-T "Partnership Tentative Return and Application for Extension of Time to File," you must also file Form PART-100 "Partnership Return Voucher" when you file Form NJ-1065.

Partnerships are not to file Form CBT-150 "Corporation Business Tax Statement of Estimated Tax." Form CBT-150 is a Corporation Business Tax form, not a Partnership Form.

An extension of time to file Form NJ-1065 does not extend the time for filing the tax returns of the partners.

Accounting Method

A partnership's accounting method(s) used for Form NJ-1065 shall be the same as the accounting methods(s) used for Federal Form 1065.

Accounting Periods

The 2005 Form NJ-1065 should be used for calendar year 2005, or for a fiscal year, which began in 2005. If filing for a fiscal year or a short tax year, enter at the top of Form NJ-1065 the month and day the tax year began, and the month, day and year that it ended. The partnership's tax year for New Jersey income tax purposes must be the same as its tax year for Federal income tax purposes.

Passive Loss Limitations

Passive loss limitations do not apply for New Jersey gross income tax purposes. The full amount of current loss may be used to offset income or gain, regardless of Federal passive loss limitations.

Determining Gain or Loss on the Sale or Disposition of Partnership Assets, *Koch* Effect

The partnership in determining gain or loss, for New Jersey purposes, on the sale or disposition of partnership asset(s) **must** use the same basis in the asset(s) as used for federal tax purposes. The New Jersey Supreme Court's decision in *Sidney & Dorothy Koch v. Director Division of Taxation* does not apply to the sale, disposition or liquidation of assets by a partnership.

Gains or losses incurred by a partnership are passed through to the partners to be reflected on their respective New Jersey tax returns. Partners who are taxpayers subject to New Jersey Gross Income Tax will report this gain or loss as a component of their "Distributive share of partnership income".

Resident taxpayers that sell or dispose of a partnership interest may be entitled to a *Koch* type adjustment, to their federal basis in the partnership, when determining New Jersey gain or loss. The gain or loss on the sale or disposal of the partnership interest will generally be reflected on the taxpayer's New Jersey return in the category of income "Net gains or income from disposition of property". Only upon the complete liquidation of a partnership is the partner to report their respective gain or loss from the disposition of their partnership interest as "distributive share of partnership income." A complete liquidation of a partnership is deemed to occur in the tax year when it and all its partners discontinue all partnership activities; all its assets have been distributed to the partners; and the partners are required to recognize gain or loss on the disposition of their partnership interest for federal income tax purposes.

The sale or disposition of a partnership interest is the only time a partner, that is a taxpayer for Gross Income Tax purposes, can make *Koch* type basis adjustments.

Amended Return or Federal Change

An amended Form NJ-1065 must be filed if an amended Federal Form 1065 return is filed, or if the Internal Revenue Service changes or corrects any item of income, gain or loss previously reported. The amended New Jersey return shall be filed within 30 days of the date the amended Federal Form 1065 is filed or, in the case of a Federal audit, within 90 days after the final determination of the change. Where an amendment to Form NJ-1065 results in a need to amend the Schedules NJK-1, an amended Schedule NJK-1 must be forwarded to the Division of Taxation and to each partner.

An amended Form NJ-1065 and an amended Schedule NJK-1 for each partner must also be filed to correct any error on or reflect any change to the original Form NJ-1065, whether or not an amended Federal Form 1065 was filed for that year.

To amend your original Form-1065, get a blank Form NJ-1065 for the tax year that is to be amended and check the "Amended Return" box at the top of the form. Complete the form entering the corrected information and attach an explanation of the changes. Mail amended partnership returns to:

Penalty and Interest Charges

A penalty of \$100 for each month or fraction of a month will be imposed for a partnership that fails to file electronically when there are ten (10) or more partners and a late filing penalty of 5% per month (or fraction of a month) up to a maximum of 25% of the outstanding tax liability will also be imposed.

The Division may impose a penalty against the partnership if the partnership is required to file Form NJ-1065, as well as Form PART-100 and (1) fails to file the return on time, including any extension, (2) files a return that fails to show all the information required, or (3) fails to file an amended partnership return within 90 days of the date a final Federal

determination or disallowance is issued or within 90 days of the date the amended Federal Form 1065 is filed, unless the failure is due to reasonable cause and not due to willful neglect.

A penalty of \$100 for each month or fraction of a month may be imposed for failure to file.

A late filing penalty of 5% per month (or fraction of a month) up to a maximum of 25% of the outstanding tax liability when a return is filed after the due date or extended due date may also be imposed.

A late payment penalty of 5% of the outstanding tax balance may be imposed.

Interest will be computed at 3% above the prime rate for every month or fraction of a month the tax is unpaid, compounded annually. At the end of each calendar year, any tax, penalties, and interest remaining due (unpaid) will become part of the balance on which interest is charged.

Fraudulent Returns

Any person who willfully fails to file a return, files a fraudulent return, or attempts to evade the tax in any manner may be liable for a penalty not to exceed \$7,500 or imprisonment for a term between three years and five years, or both.

Rounding Off to Whole Dollars

Money items on the return and schedules may be shown in whole dollars (eliminate amounts under 50 cents; enter amounts over 49 cents as the next higher dollar amount).

Signatures

Form NJ-1065 is not considered to be a return unless signed, either by a general partner, limited liability company member or, if applicable, a receiver, trustee in bankruptcy, or assignee.

Anyone who prepares a partnership return for a fee must sign the return as a "Paid Preparer" and must enter his or her social security number or federal practitioner tax identification number. The company or corporation name and Federal Employer Identification Number, must be included, if applicable. The preparer required to sign the partnership

return must sign it by hand; **signature stamps or labels are not acceptable.** If someone prepares the return at no charge, the paid preparer's area need not be completed. A tax preparer who fails to sign the return or provide a correct tax identification number may incur a \$25 penalty for each omission.

Composite Return for Qualified Electing Nonresident Partners

A partnership which has New Jersey source income may file a composite return (Form NJ-1080C) on behalf of its qualified nonresident partners who elect to be included in the composite filing. Tax will be calculated for 2005 at two tax rates: 6.37% and 8.97% without regard to each partner's filing status, dependent exemptions, or any deductions. Composite estimated tax payments should also be made.

A partner may not participate in the composite return if:

- The partner is an estate or trust;
- The partner is a partnership or corporation;
- The partner files on a fiscal year basis;
- The partner is a New Jersey resident during any part of the year;
- The partner derives income from New Jersey sources other than the income from this or any other composite return.

Every participating partner must make the election to be part of the composite return in writing each year. The elections must be maintained in the partnership files. When filed, the composite return must include a list of the partners who are participating, as well as a list of those who have not elected, or are not qualified, to participate in the composite return. The list must include each partner's name, address and Federal Identification Number.

If a composite return is filed, check the box labeled "Composite Return is filed for Nonresident Partners" at the top of Form NJ-1065.

If the partnership has made timely, quarterly estimated payments for the composite return (Form NJ-1080C), check the box labeled "Quarterly Form NJ-1080C Payments" at the top of Form NJ-1065.

Line 16b - New Jersey Allocated Adjusted Partnership Income

Form NJ-NR-A must be completed by every partnership entity, including those that have met hedge fund status, that is not reporting 100% of its activity to New Jersey or that has not been granted permission to use a substitute method of allocation. Failure to file Form NJ-NR-A or to check the box that a *substitute method of allocation has been granted* may result in 100% of your partnership's income or loss being sourced to New Jersey.

Enter the business allocation percentage from Line 5, Form NJ-NR-A in the box provided on Line 16b. *A percentage must*

be entered unless you have been granted permission to use a substitute method of allocation. If permission has been granted, leave the box on Line 16b blank and enter the actual New Jersey source amount. Enter 100% if all partnership activities are carried on in New Jersey or 0% if all partnership activities are carried on outside New Jersey. Multiply the amount on Line 16a by this percentage and enter the result on Line 16b, Column B.

Where a partnership's activity is carried on both within and outside of New Jersey, the portion of the partnership's income, gains, expenses or losses attributable to sources within New Jersey shall, except as provided below, be determined by use of the New Jersey Business Allocation Schedule (Form NJ-NR-A), as prepared by the partnership.

Where a partnership's activity is carried on both within and outside of New Jersey and the partnership believes that the determination of the portion of the partnership's income, gains, expenses or losses attributable to sources within New Jersey by use of the New Jersey Business Allocation Schedule does not provide an equitable allocation of such items, and the books and records of the partnership will disclose to the Director's satisfaction a more appropriate method of allocating such items, the partnership may request from the Director an exception from the use of the New Jersey Business Allocation Schedule. Such request shall be made *in writing* to: CHIEF, INDIVIDUAL TAX AUDIT BRANCH, BUSINESS ALLOCATION EXEMPTION, PO BOX 288, TRENTON NJ 08695-0288

Your request for exception from the use of the New Jersey Business Allocation Schedule must set forth the basis of the request and the substitute method of allocation requested to be used in lieu of the New Jersey Business Allocation Schedule. The substitute method of allocation may not be utilized prior to the submission of the partnership's exception request and the approval of such request by the Director. The partnership's exception request, once approved, shall be made every three years, unless the Director or the partnership requests a change sooner.

Note: A partnership that is *not* a "qualified investment partnership", "investment club", or that is *not* listed on a United States national stock exchange, but has a *nonresident noncorporate partner* or a *nonresident corporate partner* must also complete Schedule J "Corporation Allocation Schedule." Schedule J is not required for a partnership that meets hedge fund status, if its only nonresident partners are individuals, estates or trusts. Schedule J is to be completed based on the partnership entity's information, not the nonresident partner's information. The corporation business allocation factor will be reported on Line 1 of the Partners Directory. Schedule J is required if the partnership includes nonresident partners who do not have physical nexus to New Jersey and the partnership wishes to allocate their filing fee.

Line by Line Instructions for Schedule NJK-1

SCHEDULE NJK-1

Individual, trust and estate partners are subject to New Jersey gross income tax on their share of the partnership's income, whether or not the income is actually distributed. Partners who reside in New Jersey are taxed on their share of the partnership's income, regardless of the source of the income. Nonresident partners are also subject to New Jersey gross income tax on their share of the partnership's income, but only to the extent such income is allocated to New Jersey.

If the partnership has met "hedge fund" status and has checked the "hedge fund" box listed on the partner's Schedule NJK-1; the nonresident individual, trust or estate partner is not required to report the New Jersey source amount income from Column B of their Schedule NJK-1 on their nonresident gross income tax return.

Schedule NJK-1 provides each partner with information regarding that partner's share of partnership income. A Schedule NJK-1 must be completed for every partner that was a partner in the partnership at any time during the year.

Partners must be furnished with a copy of their Schedule NJK-1 on or before the due date of the partnership return (Form NJ-1065). If a partnership interest is held by a nominee on behalf of another person, the partnership is required to furnish Schedule NJK-1 to the nominee.

Business Allocation Schedule

General Instructions for Business Allocation Schedule

If business activities are carried on both inside and outside New Jersey, business income may be allocated to determine the amount of income from New Jersey sources. Carrying on business activities outside New Jersey means maintaining, operating or occupying a regular place of business outside New Jersey, such as an office, shop, store, warehouse, factory, agency or other place where the business affairs are systematically and regularly conducted.

The business may not allocate income if it has only an occasional or isolated business transaction outside the State. Likewise, if the business has no regular place of business outside New Jersey, it may not allocate income, even though its representatives travel outside the State for the purposes of performing duties connected with the trade or business, and make sales or perform services for persons or corporations located outside the State.

Be sure that Form NJ-NR-A is firmly attached to Form NJ-1040NR, NJ-1041, or NJ-1065, and that the name and address on the Business Allocation Schedule agree exactly with the name and address on the return to which it is attached.
