## INTRODUCTION

The 2016 production year was highlighted by a number of independent features shooting in New Jersey, the usual rich array of reality television programs, and a robust amount of commercial production.

During the twelve month period from January to December, 919 projects were made in New Jersey, including 53 feature films, 2 telefilms, 183 television series and specials, 70 music videos, 194 industrial, documentary, educational and short films, 381 commercials and stills, and 36 web programs and series.

This production enhanced the local economy by over \$73 million. Since 1978, over 22,400 projects have been shot in New Jersey, generating over \$2.1 billion in revenue for the state.
