

**MUNICIPAL SELF-ASSESSMENT REPORT**

**Roxbury Township, Morris County, New Jersey**

**December 8, 2009**

**1. Modules 1 and 2: Highlands Municipal Build-Out Report**

The final Highlands Municipal Build-Out Report and supporting documents and files were prepared by the Highlands Council, provided to the municipality, and posted on the Highlands Council website. The Report may be incorporated by reference in the petition. The Highlands Council is providing these reports, so the status in the MSA Report Checklist is complete except where this report is still in development. If relevant, provide comments in the narrative to supplement the final Report.

*Status: Module 1 was submitted under a November 16, 2009 cover letter from Paul W. Ferriero, PE of Ferriero Engineering, Inc. (attachment). We look forward to a meeting with Highlands's staff to resolve errors, omissions and discrepancies in the Module 1 data and eagerly await the Highlands Module 2 build-out report.*

**2. Module 3: Housing Element and Fair Share Plan**

The Highlands Council has developed a timeline for the preparation and submission of petitions for substantive certification based on the COAH deadline extension of June 8, 2010. At minimum, the December 8, 2009 petition must include the following: a. Summary of Housing Obligations, b. Summary and Consistency Review of Proposed Prior Round Sites, and c. Housing Partnership Program narrative (including proposed participation in the Regional Affordable Housing Development Partnership Program or RAHDPP, where applicable). The Module 3 Instructions provide narrative on these submission requirements. The municipality should provide status comments in the narrative to supplement submission items a. through c. as appropriate. [NOTE: Additional submittals are required as of March 1, 2010 (due: draft Housing Element and Fair Share Plan) and June 8, 2010 (due: final versions of each), resulting in submittal of an adopted Housing Element and completed Fair Share Plan by the latter date.]

*Status: Independent of the Highlands Module 2 build-out projections, Roxbury Township obtained COAH third round substantive certification of its Housing Element/Fair Share Plan on August 12, 2009. All proposed affordable housing is located within the Highlands Planning Area. A copy of COAH's August 12, 2009 substantive certification and the Township's Housing Plan Element/Fair Share Plan are included in this submission.*

**3. Module 4: Highlands Environmental Resource Inventory (ERI)**

The requirements for Basic Plan Conformance include supplementing a municipality's existing ERI to include all Highlands resource information (or adopting a new ERI if none exists). The Highlands Council provided a model Highlands ERI along with tabular data, which may be used as either a supplement to an existing municipal ERI or as a stand-alone ERI, where the municipality has not previously adopted one. Please indicate in the narrative below whether the Highlands Model will be incorporated into an existing ERI or Natural Resource Inventory, or will be used as a stand-alone document. For municipalities that have already submitted a draft ERI, please

## MODULE 7: MUNICIPAL SELF-ASSESSMENT REPORT

indicate whether Highlands Council staff comments and edits have been addressed in the final draft ERI or if outstanding issues need consideration.

**Status:** *In the review of the Highlands Environmental Resource Inventory, the Township has identified errors, omissions and discrepancies that must be discussed with Highlands's staff and resolved. The Township has a Natural Resource Inventory Update (March 1, 2002) covering the entire municipality. Ultimately, the Highlands Environmental Resource Inventory will only be utilized as a supplement for the Preservation Area. A modified draft Highlands Environmental Resource Inventory with track changes is included in this submission.*

### 4. **Module 5: Highlands Element of Municipal Master Plan**

The requirements for Basic Plan Conformance include revisions to municipal master plans that will bring them into alignment with the Highlands RMP. The Highlands Council provided a Model Municipal Master Plan "Highlands Element" to assist municipalities in addressing the mandatory master plan requirements necessary to achieve Basic Plan Conformance. The Highlands Element is intended to be used as a supplement to existing municipal master plans for application to land use and development in that portion of the municipality for which Plan Conformance is sought. Each section of the Highlands Element is referenced below, and it is noted in the narrative if requirements are for Basic or Full Plan Conformance. For municipalities that have already submitted a draft Highlands Element, please indicate whether Highlands Council staff comments and edits have been addressed in the final draft Highlands Element or if outstanding issues need consideration. **[NOTE: Under 4.a through 4.l below, where an item is listed as a "Basic Plan Conformance requirement" all of the necessary information has already been provided to the municipality as part of the Model Highlands Element prepared by the Highlands Council. Inclusion of the text in the draft municipal Highlands Element submitted with the petition constitutes completion of the requirement.]**

- a. **Statement of Policies, Goals and Objectives:** Basic Plan Conformance requirement.
- b. **Land Use Plan Element:** Basic Plan Conformance requirement. However, an up-to-date Land Use Inventory (inventory) is not a requirement for Basic Plan Conformance. The municipality should submit their most current inventory. If the inventory requires updates it will be a Full Plan Conformance requirement. If an up-to-date inventory has been completed and submitted with the petition; it should be noted as "Full" in the level of preparation column in the MSA Report Checklist.
- c. **Housing Plan Element:** Included in the Module 3 submission.
- d. **Conservation Plan Element:** Basic Plan Conformance requirement.
- e. **Utility Services Plan Element:** Basic Plan Conformance requirement.
- f. **Circulation Plan Element:** Basic Plan Conformance requirement. This Plan supplements an existing municipal Element, as applicable to goals and objectives for the Highlands Area. Where no Plan exists; one will be developed and adopted as a Full Plan Conformance task.
- g. **Land Preservation and Land Stewardship Plan Element including updated preserved land inventory and map:** Basic Plan Conformance requirement. This Plan supplements an existing municipal Element, as applicable to goals and objectives for the Highlands Area. Where no Plan exists; one will be developed and adopted as a Full Plan Conformance task. The updated preserved land inventory and map is a Full Plan Conformance task.
- h. **Agriculture Retention/Farmland Preservation Plan Element (if applicable) including updated preserved land inventory and map:** Basic Plan Conformance requirement. This Plan supplements an existing municipal Element, as applicable to goals and objectives for the Highlands Area. Where no Plan exists; one will be developed and adopted as a Full Plan Conformance task. The updated preserved farmland inventory and map is a Full Plan Conformance task.

## MODULE 7: MUNICIPAL SELF-ASSESSMENT REPORT

- i. **Community Facilities Plan Element:** Basic Plan Conformance requirement. This Plan supplements an existing municipal Element, as applicable to goals and objectives for the Highlands Area. Where no Plan exists; one will be developed and adopted as a Full Plan Conformance task.
- j. **Sustainable Economic Development Plan Element:** Basic Plan Conformance requirement.
- k. **Historic Preservation Plan Element:** Basic Plan Conformance requirement. This Plan supplements an existing municipal Element, as applicable to goals and objectives for the Highlands Area. Where no Plan exists; one will be developed and adopted as a Full Plan Conformance task.
- l. **Relationship of Master Plan to State/Regional/Local Plans:** Basic Plan Conformance requirement.
- m. **Development Transfer Plan Element:** Optional

*Status: The Township has prepared a draft Preservation Area Master Plan Element (with track changes) that is included in this submission and based upon the "Model Highlands Preservation Area Element for Municipal Master Plans." Discussion with Highlands's staff is needed to address editing concerns that are identified in the track changes. Additional edits are anticipated.*

### 5. **Module 6: Highlands Land Use Ordinance**

The requirements of Basic Plan Conformance include the regulation of new development through a Highlands Land Use Ordinance. The Highlands Council developed a model Highlands Land Use Ordinance, including language addressing all requirements applicable to Basic Plan Conformance. In accordance with instructions provided for Module 6; the municipality should submit an edited version of the model Highlands Land Use Ordinance and if applicable, may submit existing municipal ordinances that are more restrictive or more comprehensive with respect to certain resources. [Note: Development of additional municipal regulations concerning the prevention of pollution and public health threats from existing land uses will be required as a component of Full Plan Conformance in the years 2010 and beyond. As such, these are not included in the MSA Report Checklist, but do appear in the Highlands Implementation Plan and Schedule.]

*Status: The Township has prepared a draft Preservation Area Land Development Ordinance (with track changes), dated December 1, 2009 that is included in this submission and based upon the "Model Highlands Preservation Area Land Use Ordinance for Municipal Master Plans." Discussion with Highlands's staff is needed to address editing concerns that are identified in the track changes. Additional edits are anticipated.*

### 6. **Redevelopment and Rehabilitation Plans (Adopted or Proposed)**

Redevelopment and Rehabilitation Plans are not a requirement of Basic Plan Conformance. The municipality may choose to incorporate narrative on adopted or proposed redevelopment and rehabilitation plans to supplement the Petition for Plan Conformance.

*Status: Not anticipated at this time.*

### 7. **Management Plans and Ordinances**

Management plans and ordinances are not a requirement for Basic Plan Conformance. The municipality may wish to supplement their Petition for Plan Conformance with available draft plans or ordinances, such as a Wastewater Management Plan or a Stormwater Management Plan.

*Status: Not anticipated at this time.*

## **MODULE 7: MUNICIPAL SELF-ASSESSMENT REPORT**

### **8. Discretionary Items, List (Optional)**

Discretionary items are not a requirement of Basic Plan Conformance. These are additional materials beyond those required for a Petition for Plan Conformance that the municipality believes will support the petition. For example, a draft or adopted municipal ordinance that supports the Petition for Plan Conformance.

**Status:** *See submission cover letter.*

### **Draft Highlands Implementation Plan and Schedule Checklist – Full Plan Conformance Tasks**

Municipalities shall also include a draft Highlands Implementation Plan and Schedule Checklist, which provides a listing of items from the MSA Report Checklist that are not required for Basic Plan Conformance and are not indicated by the municipality as having been completed. To the extent known, the municipality should insert a brief narrative below indicating the anticipated approach (not including budget estimates) to achieving the tasks listed in the draft Highlands Implementation Plan and Schedule Checklist. For example: preparation of incomplete portions of the Highlands Element will be developed by the municipality's professional planner; conservation management plans will be developed following receipt of guidance from the Highlands Council, with assistance from professionals having specialized expertise in each area. The municipality may prioritize Full Plan Conformance tasks based upon municipal interest and the Highlands Council will work to assist in addressing those priorities.

The actual schedule for Full Plan Conformance will be developed by the municipality and the Highlands Council during the review of the Petition for Basic Plan Conformance.

**Status:** *Cannot be determined at this time as the Township seeks to address errors, omissions and discrepancies, and ultimately awaits Module 2 data from the Highlands Council.*
